

LOCAL DEVELOPMENT FRAMEWORK FOR CRAVEN
DISTRICT OUTSIDE THE YORKSHIRE DALES NATIONAL
PARK

Craven District Council

**SUMMARY OF LOCAL
DEVELOPMENT FRAMEWORK
EVIDENCE BASE**

Draft Issued for Consultation

12th October – 23rd November 2007

Colin Walker
Director of Environmental & Planning Services

Craven District Council, Planning and Building Control, Council Offices,
Granville Street, Skipton, BD23 1PS

Telephone Number 01756 706472 Email: ldf@cravenc.gov.uk
Web: www.cravenc.gov.uk

INTRODUCTION

Evidence from a variety of sources is a critical element of the Local Development Framework process from the preliminary Issues and Options stage through to final submission. National Planning Policy and guidance focus on providing "robust and credible" evidence to support and justify local planning policies.

This document sets out:

- a) Locally based studies recently completed that have informed draft policies in the Preferred Option Core Strategy.
- b) Locally based studies that are currently being prepared and will provide evidence for the submission Core Strategy
- c) Contents of the Local Development Framework library. These are documents that have been referred to throughout every stage of Local Development Document production.

The Summary of Evidence Base will be updated with every new publication and study used in the LDF process.

All documents can be viewed at the Craven District Council Offices, Planning Policy Section, Granville Street, Skipton, North Yorkshire.

Alternatively, most of the documents listed are available to view on the relevant organisations websites or in local libraries.

If you wish to view a document and are unable to locate it through your local library or the organisations website, please contact the Planning Policy Section on 01756 706470 to arrange a convenient time.

SUMMARY OF STUDIES RECENTLY COMPLETED OR CURRENTLY BEING PREPARED

NATURAL ENVIRONMENT

Study	Undertaken by	Synopsis	Contribution and Linkages To the Local Development Framework
<p>Landscape Character Assessment for Craven District outside the Yorkshire Dales National Park and Forest of Bowland AONB, Complete 2002</p>	<p>Landscape Design Associates</p>	<p>An assessment of the landscape character types together with strategies for their management was undertaken in accordance with Countryside Agency Best Practice Guidance (2002)</p>	<p>Provides evidence to inform the preparation of landscape associated planning policies within DPDs. Provides evidence as to where certain types of development may be accommodated within landscapes without undue detriment to overall form and character. Sets out where improvements to landscape character could be secured via the development control process.</p>
<p>Craven Biodiversity Action Plan Preparation throughout 2007. Adoption December 2007</p>	<p>Craven BAP Group</p>	<p>To translate national targets for species and habitats into effective action at the local level and to identify targets for species and habitats important to the local area and reflecting the values of local people</p>	<p>Each Local Biodiversity Action Plan works on the basis of partnership to identify local priorities and to determine the contribution they can make to the delivery of the national Species and Habitat Action Plan targets. The BAP forms part of the evidence base of the LDF and is implemented via the Local Strategic Partnership's BAP Steering Group.</p> <p>The consultation period ends 28th September 2007. Once comments have been received, the BAP Steering Group will make amendments and publish the final BAP.</p>

Study	Undertaken by	Synopsis	Contribution and Linkages To the Local Development Framework
<p>Draft Environmental Capacity Study September 2007</p>	<p>Envision</p>	<p>An assessment of potential growth areas for each settlement based on a range of environmental criteria.</p>	<p>This shows the direction of growth in each settlement with the least environmental impact. This will provide additional evidence during the preparation of the Site Allocations DPD.</p> <p>The Draft document is being consulted on alongside the Core Strategy. Amendments will be made and a final document published with the Submission Core Strategy.</p>
<p>Appropriate Assessment Screening Report July 2007</p>	<p>Envision</p>	<p>The Habitats Directive 92/43/EEC on the Conservation of Natural Habitats and Wild Flora and Fauna provides legal protection for habitats and species of European importance (Natura 2000 sites). The Directive requires an Appropriate Assessment to be carried out in relation to 'any plan or project not directly connected with or necessary to the management of the site but likely to have significant effects thereon, either individually or in combination with other plans or projects.'</p>	<p>For the purposes of the Craven draft Core Strategy, the assessment must first of all identify the European sites in and around Craven District and assess the implications of the Preferred Option strategic objectives and policies in terms of the conservation objectives of all the relevant Natura 2000 sites. These are designated as Special Areas for Conservation (SAC) or Special Protection Areas (SPA) and include sites identified in the UK as RAMSAR sites.</p>

HOUSING

Study	Undertaken by	Synopsis	Contribution and Linkages To the Local Development Framework
<p>Urban Potential Study for Craven District outside the Yorkshire Dales National Park</p> <p>2003</p>	<p>Craven District Council</p>	<p>An assessment of the potential for settlements to accommodate new development on previously developed land. Prepared in accordance with the approved regional methodology</p>	<p>Provides evidence of the development capacity of settlements. This will directly influence the overall settlement strategy, housing requirement calculation and land allocation strategy. This will provide a base for ongoing monitoring and review. It is expected that a review of the 2003 Urban Potential Study will be carried out during 2007.</p>
<p>Strategic Housing and Employment Land Availability Assessment for Craven District outside the Yorkshire Dales National Park</p> <p>Preparation throughout 2007.</p> <p>Finalise December 2007</p>	<p>Craven District Council and Envision</p>	<p>This assessment combines Strategic Housing Land Availability Assessment and Employment Land Review into one document.</p> <p>The study will assess all potential sites in the District for development potential in terms of marketability and developability.</p>	<p>Provides evidence of the development capacity of settlements. This will directly influence, the housing requirement calculation (5-year supply) and overall land allocation strategy. Indicators will be devised to provide a base for ongoing monitoring and review.</p> <p>The Draft document is being consulted on alongside the Core Strategy. Amendments will be made and a final document published with the Submission Core Strategy.</p>
<p>Strategic Housing Market Assessment for Craven District outside the Yorkshire Dales National Park</p> <p>Preparation throughout 2007/08</p> <p>Finalise March 2008</p>	<p>Craven District Council in partnership with Craven's Local Strategic Partnership</p>	<p>PPS3: Housing requires Strategic Housing Market Assessments to be carried out for sub-regional areas. These identify the characteristics of a housing market how and they are affected over time by social, economic and cultural factors.</p>	<p>Yorkshire and Humber are carrying out a SHMA as part of the RSS evidence base. The initial findings by DTZ identified Craven as having unique characteristics that meant it could not be readily incorporated into a sub-regional assessment. For this reason Craven are carrying out a District-wide SHMA that will identify characteristics between different settlements. This will feed into the sub-regional SHMA at a later date.</p> <p>The Pre-Draft document is being consulted on alongside the Core Strategy. Amendments will be made and a final document published with the Submission Core Strategy.</p>

Craven District Wide Housing Needs Assessment 2005	DCHR	An assessment of the future housing needs of Craven; identify housing markets and understand their drivers and provide thorough and robust evidence to support the development of Craven's housing strategy and LDFs.	The studies will inform the overall policy approach required to enable affordable housing to be secured as part of the development control process.
Craven District Wide 2005 Housing Needs Assessment income and housing data update 2008	David CumberlandHR	An assessment of the future housing needs of Craven; identify housing markets and understand their drivers and provide thorough and robust evidence to support the development of Craven's housing strategy and LDFs.	The studies will inform the overall policy approach required to enable affordable housing to be secured as part of the development control process. The data will also form an integral part of the Strategic Housing Market Assessment.
Identifying Gypsy and Traveller Accommodation Need in Yorkshire and the Humber 2006 ¹	Regional Housing Board	To develop a better regional understanding of the current and changing needs of Gypsies and Travellers, including an assessment of factors that may impact on meeting current and future accommodation needs.	The studies will inform the overall policy approach required to enable the accommodation needs of gypsies and travellers to be secured through the LDF via the Core Strategy and Allocations DPDs.
The Housing Related Support Needs of Gypsies and Travellers in West and North Yorkshire and York, 2007	North Yorkshire Supporting People	To investigate the housing related support needs of Gypsies and Travellers across West Yorkshire, North Yorkshire and York	As above

¹ A Sub Regional Gypsy Study is currently being prepared to deal with the existing imbalance of provision in Yorkshire & the Humber. This study will identify land required in Craven for provision of Local Authority Gypsy & Traveller site(s).

EMPLOYMENT

Study	Undertaken by	Synopsis	Contribution and Linkages To the Local Development Framework
Employment demand and needs study (to inform the Employment Land Review) June 2005	ECOTEC	An assessment of employment needs and requirements within the area, including land requirements, demand origination and future aspirations.	The completion of the study will inform the overall employment land strategy for the LDF area and will inform the identification and amount of employment land required across the plan area.
Strategic Housing and Employment Land Availability Assessment for Craven District outside the Yorkshire Dales National Park Preparation throughout 2007. Finalise December 2007	Craven District Council and Envision	This assessment combines Strategic Housing Land Availability Assessment and Employment Land Review into one document. The study will assess all potential sites in the District for development potential in terms of marketability and developability.	Provides evidence of the development capacity of settlements. This will directly influence, the housing requirement calculation (5-year supply) and overall land allocation strategy. Indicators will be devised to provide a base for ongoing monitoring and review. The Draft document is being consulted on alongside the Core Strategy. Amendments will be made and a final document published with the Submission Core Strategy.

CLIMATE CHANGE AND ENERGY EFFICIENCY

Study	Undertaken by	Synopsis	Contribution and Linkages To the Local Development Framework
North Yorkshire Sub Regional Renewable Energy Study October 2005	Land Use Consultants commissioned in partnership with other North Yorkshire LPAs'	An assessment of the capacity of landscapes to accommodate renewable energy development	Completion of the study will assist in assessing the deliverability of the draft renewable energy targets as proposed in submission draft Regional Spatial Strategy.
North West Yorkshire Strategic Flood Risk Assessment October 2006	JBA Consulting commissioned in partnership with Harrogate, Richmondshire and Yorkshire Dales National Park local	An assessment to investigate and identify the extent and severity of flood risk to the area.	To contribute to the Council's SEA/SA, which will aid the selection of suitable land allocations within the LDF.

RETAIL

Study	Undertaken by	Synopsis	Contribution and Linkages To the Local Development Framework
Retail Analysis and Town Centre Health Check Work 2004	Donaldsons	An assessment of the overall vitality and viability of the retail centres of Skipton, Settle, Ingleton, Bentham and Crosshills. Prepared in accordance with the provisions of PPG6 and draft PPS6	Establishes the overall health of each town centre at a moment in time. This will inform the immediate retail strategy and approach to retail related policy. The completed work will provide a basis for future monitoring.
Update of Retail Analysis and Town Centre Health Check Work 2004 Preparation 2007/08 Finalise mid-2008	To be confirmed	An update of the assessment of the overall vitality and viability of the retail centres of Skipton, Settle, Ingleton, Bentham and Crosshills. Prepared in accordance with the provisions of PPS6	Establishes the overall health of each town centre at a moment in time. This will inform the immediate retail strategy and approach to retail related policy in the LDF. The completed work will provide a basis for future monitoring
Assessment of the Existing & Future Needs of the Community for Open Space, Sport & Recreational Facilities Within Craven District 2004	Knight Kavanagh and Page	A qualitative and quantitative assessment to be made of formal sports, open space and recreational facilities to be used to support future strategic decision making for facilities. Prepared in accordance with the provisions of PPG17	Establishes the existing qualitative and quantitative level of provision of recreation facilities and their overall condition, together with a recommended strategy for the improvement of existing and provision of new facilities. This will directly inform planning policy responses within LDDs.

LOCAL DEVELOPMENT FRAMEWORK REFERENCE LIBRARY

A Local Development Framework Reference library has been prepared that holds copies of all literature referred to during preparation of Local Development Documents. This library will be updated as and when new documents are published and old ones become obsolete.

The tables below show all literature and studies referred to during the Issues and Options and Preferred Options stages of the Core Strategy. Many provide the evidence that has supported and justified draft policies in the Preferred Options Core Strategy. The local studies most relevant to the preparation of the Core Strategy are summarised and explained in more detail in the main Summary of Evidence Base document in the section above.

The tables have been divided into topic areas for ease of reference:

Craven Local Development Framework
