Summary and Explanation

The Introduction

Craven District Council exists to serve the public and governs on their behalf. We recognise the importance of the public's involvement in the decisions we take. To comply with legal requirements we operate political management arrangements that are referred to as the "Committee System". These arrangements were reviewed in July 2012 and it was decided to continue with them.

The committee system allows Councillors to spend more time in the community listening to people's views and concerns, and acting as community leaders to promote a better quality of life for those who live and work in the District.

The system operates with one policy committee. It includes a form of overview and scrutiny (select committee) to ensure that there are adequate checks and balances on those who take the decisions.

The objectives of this system are:

- Efficiency - enabling decisions to be made more quickly than before;
- Transparency - so that people can see who is responsible for decisions and are able to access meetings and information; and
- Accountability - whereby people and Members of the Council have the ability to review and scrutinise decisions taken.

In order to achieve these objectives the Council has processes in place. The law sets down some of these processes, while others are decided by the Council.

The Constitution is divided into 15 Articles, which set out the basic rules governing the Council's business. More detailed procedures and codes of practice are provided in separate rules and protocols in Parts 3, 4 and 5 of the Constitution.

What is in the Constitution?

The Constitution is made up of the following articles, which summarise what the Constitution is about:

- The Constitution (Article 1)
- Members of the Council (Article 2)
- The Public and the Council (Article 3)
- The Council (Article 4)
- Chairing the Council (Article 5)
- Select Committee (Overview and Scrutiny) (Article 6)
- Policy and Other Committees (Article 7)
- The Standards Committee (Article 8)
- Area Committees (Article 9)
- Joint arrangements (Article 10)
- Employees (Article 11)
- Decision-Making (Article 12)
- Finance, Contracts and Legal Matters (Article 13)
- Review and Revision of the Constitution (Article 14)
- Suspension, Interpretation and Publication of the Constitution (Article 15)

How does the Council operate?

The Council is comprised of 30 Councillors with approximately one-third elected in each of three years out of every four. (County Councillors are elected in the fourth year) Councillors' overriding duty is to the whole community, but they have a special duty to all their constituents, to whom they are democratically accountable.

The Council is committed to transparency, particularly in terms of conduct, and Councillors have agreed to follow a Code of Conduct to ensure high standards in the way they carry out their duties. The Monitoring Officer ensures training and advice is provided on the Members' Code of Conduct and also has responsibility for the conduct of Members of Parish / Town Councils in the District.

All Council and other Member meetings are open to the public, except when exempt matters are being discussed. The Council appoints and holds to account its committees, sub-committees, panels and groups, and also determines the policy and budget framework.

The Council is responsible for all of the Authority's functions and services, and delegates much of its powers and duties to committees, sub-committees and officers. These delegations are set out in Part 3 of the Constitution.

How are decisions made?**The Policy Committee**

The Policy Committee and its sub-committees make decisions on matters within its terms of reference that are not delegated to officers or the regulatory committees, or reserved to the Council Meeting, as detailed in Part 3 (Responsibility for Functions - Responsibilities of Committees).

The Audit and Governance, Licensing, Planning and Standards Committees and their sub-committees are responsible for a number of regulatory functions relating to audit-related matters, licensing and planning applications, and the conduct of Members. These too are detailed in Part 3.

Meetings of all the Council's committees are open to the public, except when personal or confidential matters are being discussed.

Select Committee (Overview and Scrutiny)

The overview and scrutiny function supports the work of the Policy Committee in particular, other committees and the Council as a whole. At Craven this work is carried out by the Select Committee, members of which look at issues of local concern and encourages the public to be more involved. Members of the public are invited to give their points of view. This can lead to reports and recommendations to the Policy Committee and other committees, or, exceptionally, the Council Meeting on its policies, budget and service delivery. Policy Committee should consult Select Committee when developing new policy or reviewing existing policy.

The Council's Employees

The Council has people working for it (called 'employees' or 'staff'). They implement decisions, give advice and manage the day-to-day delivery of its services. The Council must act within the law and use its resources wisely. Some employees have a specific duty to ensure that happens. A code of practice governs the relationships between employees and

Members of the Council. This can be found in Part 5 (Member / Employee Protocol). Employees are also subject to a Code of Conduct and a copy of this can be found in Part 5.

The Public's Rights

Members of the public have a number of rights in their dealings with the Council. These are set out in more detail in Article 3. Some of these are legal rights, whilst others depend on the Council's own processes. The local Citizens' Advice Bureau can advise on individuals' legal rights. Where members of the public use specific Council services, for example an applicant for planning permission or benefits, they have additional rights. These are not covered in this Constitution.

Members of the public have many rights, the main of which are to:

- Vote at elections if they are registered;
- Contact their local Councillor about any matters of concern to them;
- Request that information held by the Council is given to them;
- Inspect or obtain a copy of the Constitution;
- Attend meetings of the Council, its committees etc., except where the business under discussion is exempt, that is personal or confidential matters are being discussed;
- Petition for a referendum on a mayoral form of decision-making;
- Speak at Council and other meetings under the Council's Public Participation Scheme;
- Submit a public petition on any matters for which the Council has responsibility, or which affect the District;
- Make a complaint to the Council if they feel that they have suffered an injustice because we have done something badly / in the wrong way / not at all, or treated someone unfairly;
- Complain to the Local Government Ombudsman if they think we have not dealt with their complaint properly through the Council's own Complaints' Procedure;
- Complain to the Council's Monitoring Officer if they can show that a councillor has not followed the Members' Code of Conduct; and
- Inspect the Council's accounts and make their views known to the external auditor.

The Council welcomes participation by the public in its work. There are rights for members of the public to attend meetings of the Council and other meetings, and have access to reports. These rights are to be found under the Access to Information Rules in Part 4 of the Constitution and have been enhanced by rights under the Freedom of Information Act and the Environmental Information Regulations. We have a well-established Public Participation Scheme, so that members of the public can address Council and other meetings. There are special provisions relating to the Planning Committee and the Licensing Committee. Members of the public may also petition Members at some meetings.

For further information on your rights as a member of the public, please contact the Democratic Services Team on (01756) 706226.

6.4 Proceedings of Select Committee and Working Groups

The Select Committee and its working groups will conduct their proceedings in accordance with the Select Procedure Rules set out in Part 4 of this Constitution.

Select Committee – General Principles

- 1 Select Committee has a key part to play in good decision making by the Council. The Council is one body and it is in the interests of all Members and the public that the Council makes the right decision first time. This implies a constructive role for Select Committee as it would be perverse to wait until the point of decision-making, or after, to raise concerns.
- 2 The Select Committee and its working groups can best assure the public that it is performing its role effectively by carrying out as much of its business as possible in public.
- 3 Select Committee and its working groups should adopt an evidence based approach. This means that it should consider carefully all submissions made

and ensure that it hears from all those who may have a contribution to make on the matter under consideration, both from within and outside the Council.

- 4 Select Committee should operate in a non-partisan way. This means that the Committee and its working groups should not be subject to the party whip. The party whip means any instruction given by or on behalf of a political group or party to any Member who is a member of that group or party, as to how that Member shall speak or vote on any matter before any Select body, or the application of, or threat to apply any sanction by the group or party in respect of that Member, should s/he speak or vote in a particular manner.
- 5 Select Committee and its working groups are encouraged to develop less formal approaches to meetings that support the reflection required by the overview and scrutiny role. This may mean, on occasion; meeting in different venues; visiting other organisations; structuring meetings in different ways; and using a variety of media for reporting.
- 6 Members of the public should all have an equal opportunity to contribute to Select Committee deliberations. To help this happen, Select Committee and its working groups should consider –
 - publicising their meetings through the local media;
 - setting the times and venues of meetings to enable maximum participation;
 - ensuring meeting rooms are accessible and have facilities for people with visual and hearing impairments when appropriate; whether it needs to take into account that some residents do not have English as a first language.

ARTICLE 7 – POLICY AND OTHER COMMITTEES

- 7.1 The Council will appoint the committees, etc. shown in the diagram contained in Schedule 1 to these Articles.

(Note: The ad-hoc working groups shown will be specific task groups, so will vary from year to year depending upon the select committee work programme.)

- 7.2 The terms of reference of the committees and sub-committees are contained within Part 3 – Responsibility for Functions – Responsibilities of Committees

ARTICLE 8 – THE STANDARDS COMMITTEE

8.1 **Standards Committee** – The Council has established a Standards Committee as required by the Local Government Act 2000 and revised under the Localism Act 2011.

8.2 **Composition** –

- (a) **Membership** – The Standards Committee is composed of:
 - Five Craven District Councillors; and
 - Seven appointed members, namely
 - Three external (independent) persons, who are not councillors or employees of the Council or any other body with a Standards Committee; and
 - Four members of a Parish Council wholly in the District (parish members).
- (b) **External (independent) Members** – External (Independent) Members are not entitled to vote at meetings. They will be appointed in accordance with agreed protocols.

Footnote: As worded Category 7 referrals enables Members other than the Member for the Ward within which the site is located to seek the referral to Committee where the development would have an effect on their Ward.

8. Where representations by any person, body or organisation have been received (either in support or against the proposal) within the 21 day consultation/publicity period, and these representations are contrary to the recommendations of officers, a notice shall be sent to the Chairman and Vice-Chairman of the Planning Committee and Ward Representative(s) giving 7 consecutive days to decide on material planning grounds or in the public interest whether the matter should be referred to the Planning

Committee for a decision. This procedure will not apply to applications for “prior approval” under the provisions of the Town and Country Planning (General Permitted Development) Order 2015 (as amended) since such applications benefit from a deemed approval if not determined within the statutory time limits.

Interpretation of the 7 day Notice Procedure

Where a Town or Parish indicate that they have “no objection” or “no comment” to an application this will be taken as a declaration of a neutral stance that is neither in support of nor against a proposal and accordingly will not trigger a requirement for an application to be referred to the Chairman, Vice-Chairman and Ward Member(s) under the 7 day notice procedure. Similarly, a representation supporting an application will not trigger the 7 day notice procedure if the officer recommendation is one of approval.

With the exception of consultations to Town and Parish Councils referred to above, the 7 day notice procedure shall not apply in respect of representations received from any statutory consultee who has been notified of the application in accordance with Articles 18, 19, 20 and 21 of the Town and Country Planning (Development Management Procedure) (England) Order 2015 (or any Order revoking or re-enacting that Order) or from any non-statutory consultee.

Where third party representations have been received solely supporting an application the 7 day notice procedure will not be triggered if the officer recommendation is for approval.

Where third party representations have been received solely objecting to an application the 7 day notice procedure will not be triggered if the officer recommendation is for refusal.

The 7 day notice procedure will apply to all applications where there are both objections and support for an application.

In all cases the representations must be on material planning grounds to be considered under category 8.

9. Any repeat application (where it is fundamentally the same scheme) which has previously been considered by the planning committee. This will not apply to applications to vary or delete conditions under Section 73 of the Town and Country Planning Act 1990 unless those conditions were explicitly imposed by the Planning Committee. This will not apply to applications for non-material amendments to an approved scheme under Section 96A of the Town and Country Planning Act 1990 (as amended)
10. Any application which the Strategic Manager for Planning and Regeneration considers should be referred to the Planning Committee for a decision.

ACCESS TO INFORMATION PROCEDURE RULES

1 SCOPE

2 ADDITIONAL RIGHTS TO INFORMATION

These Rules do not affect any more specific rights to information contained elsewhere in this Constitution or in the law.

3 RIGHTS TO ATTEND MEETINGS

Members of the public may attend all meetings, subject only to the exceptions in these Rules.

4 NOTICES OF MEETING

The Council will give at least five clear days’ notice of any of its meetings by posting details on the Council’s website www.cravendc.gov.uk

5 ACCESS TO AGENDA AND REPORTS BEFORE MEETINGS

The Council will make copies of the agenda and reports that are open to the public available for inspection at the Council Offices, Belle Vue Square, Skipton at least five clear days before the meeting. If an item is added to the agenda later, the revised agenda will be open to inspection from the time the item was added to the agenda. Where reports are prepared after the summons has been sent out or meeting details published, the designated officer shall make each such report available to the public as soon as the report is completed and sent to Councillors.

6 SUPPLY OF COPIES

The Council will supply copies of:

- any agenda and reports which are open to public inspection;
- any further statements or particulars necessary to indicate the nature of the items in the agenda; and
- if the Solicitor to the Council thinks fit, copies of any other documents supplied to councillors in connection with an item to any person on payment of a charge for copying and postage, and any other costs.

7 ACCESS TO MINUTES, ETC. AFTER MEETINGS

The Council will make available copies of the following for six years after a meeting:

- the minutes of the meeting, excluding any part of the minutes of proceedings when the meeting was not open to the public or which disclose exempt or confidential information;
- a summary of any proceedings not open to the public where the minutes open to inspection would not provide a reasonably fair and coherent record;
- the agenda for the meeting; and
- reports relating to items when the meeting was open to the public.

8 BACKGROUND PAPERS

8.1 List of Background Papers

The author of the report will set out in every report a list of those documents (called background papers) relating to the subject matter of the report which in his / her opinion:

- disclose any facts or matters on which the report or an important part of the report is based; and
- which have been relied on to a material extent in preparing the report
- but does not include published works or those which disclose exempt information.

8.2 Public inspection of Background Papers

The Council will make available for public inspection for four years after the date of the meeting one copy of each of the documents on the list of background papers.

9 EXCLUSION OF ACCESS BY THE PUBLIC TO MEETINGS

9.1 Exempt information – Discretion to Exclude Public

The Local Government Act 1972 (as amended) sets out descriptions of information that are exempt from disclosure to the public and imposes qualifications on some of the exemptions. This means that the council is not required to make the information accessible to the public. The Council may also exclude the public from parts of meetings where exempt information will be discussed.

Where the meeting will determine any person's civil rights or obligations, or adversely affect their possessions, Article 6 of the Human Rights Act 1998 establishes a presumption that the meeting will be held in public unless a private hearing is necessary for one of the reasons specified in Article 6.

9.2 Meaning of Exempt Information

Exempt information means information falling within the following 7 categories (subject to any qualification):

Para 1	Information relating to any individual
Para 2	Information which is likely to reveal the identity of an individual
Para 3	Information relating to the financial or business affairs of any particular person, including the Council
Para 4	Information relating to any consultations or negotiations, or contemplated consultations or negotiations, in connection with any labour relations matter arising between the Council or a Minister of the Crown and employees of, or officer holders under, the Council.
Para 5	Information in respect of which a claim to legal professional privilege could be maintained in legal proceedings.
Para 6	Information which reveals that the Council proposes (a) to give under any enactment a notice under or by virtue of which requirements are imposed on a person; or (b) to make an order or direction under any enactment.
Para 7	Information relating to any action taken or to be taken in connection with the prevention or investigation or prosecution of crime.

The above exemptions are qualified as follows:

- Information relating to the financial or business affairs of any particular person is not exempt if it is required to be registered under the Companies Act 1985; the Friendly Societies Act 1974; the Friendly Societies Act 1992; the Industrial and Provident Societies Acts 1965 to 1978; the Building Societies Act 1986; or the Charities Act 1993.
- Information relating to proposed development for which the local planning authority may grant itself planning permission under regulation 3 of the Town and Country Planning General Regulations 1992 is not exempt.
- Information in one of the seven categories of exempt information [(1) to (7) above] which is not prevented from being exempt by either of the two points described above is exempt if the public interest in maintaining the exemption outweighs the public interest in disclosing it.

10 INSPECTION OF DOCUMENTS BY MEMBERS

The rights of access of Members of the Council are covered by Section 100F of the Local Government Act 1972 (as amended). Documents are open to inspection by Members of principal councils if they are exempt because they relate to the financial or business affairs of any particular person, except to the extent that the information relates to terms proposed to or by the authority in the course of contract negotiations, or if they are exempt because they reveal that the authority proposes to give a notice under any enactment or to make an order or direction under any enactment.

These rights under Section 100F are additional to their common law rights. At common law, Members have the right of access to information where they have a “need to know” in order to carry out their role as councillors. This common law right is unaffected.

11 EXCLUSION OF ACCESS BY THE PUBLIC TO REPORTS

If the Democratic Services and Scrutiny Manager thinks fit, the Council may exclude access by the public to reports which in his opinion relate to items during which, in accordance with Rule 9, the meeting is likely not to be open to the public, such reports will be marked “Not for publication” and contain the paragraph number of the category of exemption.

12 DISCLOSURE OF INFORMATION UNDER THE FREEDOM OF INFORMATION ACT

The **public interest test** for the purposes of the exempt categories of information is about whether it better serves the interests of the public to withhold or disclose the information. The Information Commissioner’s Office has published guidance in connection with the Freedom of Information Act which may be useful in undertaking that test (Freedom of Information Act Awareness Guidance No. 3 The Public Interest Test). Basically, something is considered to be in the public interest if it serves the interests of the public. Examples of the types of factors that would encourage disclosure are:

- furthering the understanding and participation of the public debate of issues of the day;
- promoting accountability and transparency of public authorities for their decisions;
- promoting accountability and transparency in the spending of public money;
- allowing individuals and companies to understand decisions made by public authorities that affect their lives and, in some cases, assisting individuals in challenging such decisions; and
- bringing to light information affecting public health and safety.

The main factors against disclosure of information are those set out in exemptions (1) to (7) themselves such as the need to maintain and not prejudice law enforcement matters. If disclosure of information would adversely affect these matters, then it is relevant to consider the possible adverse effect of disclosure against the positive benefits of openness. Consideration of the European Convention on Human Rights may also lead to a conclusion that information should not be disclosed because it might prejudice the right to a fair hearing.

BUDGET AND POLICY FRAMEWORK PROCEDURE RULES

1 THE FRAMEWORK FOR DECISION MAKING

The Council will be responsible for the adoption of its budget and policy framework as set out in Article 4. Once a budget or a policy framework is in place, it will be the responsibility of the Policy Committees and Officers to implement it.

2 PROCESS FOR DEVELOPING THE FRAMEWORK

The process by which the budget and policy framework shall be developed is:

- Each year the officers will publish the Forward Plan for that year, which will include the programme for establishing the budget and policy framework for that year. Within this Plan, it will identify a number of strategic policy or resource issues on which it wishes to request input from the overview and scrutiny bodies. This will be subject to approval by the Select Committee.
- Within the overall programme, the Policy Committee may identify studies it wishes to request from Select Committee related to policy issues on which they wish to make recommendations as part of the budget and policy framework.
- Policy studies undertaken by the Select Committee should engage as widely as possible with citizens and stakeholders in the community and use a variety of methods to gauge public views. The results should be presented to the Policy Committee, which will then draw on them in developing their proposals to Council.
- In approving the budget and policy framework, the Council will also specify the extent of in-year changes to the policy framework that may be undertaken by the Policy and other Committees, in accordance with paragraph 3 of these Rules (in-year changes to policy framework). Any other changes to the policy and budgetary framework are reserved to the Council.

3 IN-YEAR CHANGES TO POLICY FRAMEWORK

The responsibility for agreeing the budget and policy framework lies with the Council, and decisions by all committees, sub-committees or employees with delegated authority must be in line with it. No changes to any policy and strategy which make up the policy framework may be made by the Policy or other committee or an officer with delegated authority, except changes:

- necessary to ensure compliance with the law, ministerial direction or Government guidance;
- in relation to the policy framework in respect of a policy which would normally be agreed annually by the Council following consultation, but where the existing policy document is silent on the matter under consideration; and
- that are minor can be agreed by the Policy Committee or priorities can be re-ordered within the programmes where it is considered necessary in the interests of the good management of the Council.

2 WITNESS PROTOCOL

2.1 Introduction

The Select Committee and Select Committee Ad-Hoc Working Groups (Select Committees) will, from time to time request Members, officers and representatives from other organisations to attend their meetings.

This Protocol sets out the principles under which Members, officers and other witnesses will be required or asked to attend those Meetings. It reflects the power in the Regulations to require Members and officers to attend Select committees and the guidance contained in Chapter 9 (Alternative arrangements) of the Government Guidance (New Council Constitutions) on the Alternative Arrangements political structure.

2.2 Principles

- a) Generally, Members or officers will attend meetings of Select Committee or its working groups when invited. Exceptionally, there may be circumstances when a Member or officer is **required** to attend Select Committee.
- b) Where a Select committee exercises its power to require officers to attend to answer questions or discuss issues, it should consider the seniority of officers it wants to appear before it. Generally, officers below the level of those who report directly to the Strategic Manager, or an officer below Principal Officer grade would not normally be required to attend.
- c) When officers appear to answer questions, their evidence should, as far as possible, be confined to questions of fact and explanation relating to policies and decisions.
- d) Officers may be asked to explain
 - what the policies are;
 - the justification and objectives of those policies as the decision-makers see them; and
 - the extent to which objectives have been met.
- e) Officers may be asked to explain and justify the advice they have given to Members prior to decisions being taken, and to explain and justify decisions they themselves have taken under delegated powers.
- f) When asking questions of officers, Members will respect the requirement for officers to be politically impartial.
- g) Select Committee members may question officers at committee meetings and in working groups. Whilst questions may be challenging, members should seek to question officers in a positive and constructive way and should avoid any emotive or aggressive approach. In responding officers should be open, constructive and helpful, and should seek to provide full answers.
- h) No witness will be required to answer a question where (s)he would not be required to answer the question in a Court of English Law.

2.3

Process

- a) If a Select committee requires an officer or a Member to attend a meeting, it should give him/her a minimum of 10 working days' notice, except in the case of a decision called-in, where such notice might unreasonably delay the decision-making process.
- b) When Select Committee require a Member or officer to attend, it shall write to that Member or officer setting out the general areas it wishes to question him/her on.
- c) Any witness may supply a written statement to the Select committee in order to provide greater detail to Members and where this will generally assist the overview and scrutiny process.

3

CALL-IN PROTOCOL

3.1

Introduction

- a) This Protocol deals with the arrangements for the call-in of decisions of the Policy Committee and Sub-Committees (referred to as the decision-makers in the Protocol).
- b) Decisions taken by officers will not be subject to the Call-In Procedure, but may be the subject of scrutiny through the review of service plans or other processes.
- c) With the exception of decisions of a 'Regulatory' nature made by decision-makers as set out in the Annex to this protocol, all decisions made may be called-in. However, it would be extremely detrimental to efficient decision-making if every individual decision was, as a matter of course, to be looked at. Call-in should be instigated as the exception, rather than the rule.
- d) The operation of these arrangements will be reviewed annually by the Democratic Services and Scrutiny Manager and reported to Council, or more frequently at the request of the Council. The review should assess whether call-in is contributing to better decision-making or is having a detrimental effect on the running of Council business.

3.2 The Principles –

(A) Scope

- a) 'Call-In' requests will be considered by Select Committee. That Committee may only require a decision-maker to reconsider its decision or, in exceptional circumstances, may recommend to the Council Meeting that it should ask the decision-maker to reconsider the decision. It cannot substitute its own decision for that of the decision-maker.
- b) A decision-maker can only be asked to reconsider a decision once.
- c) Decisions on the Council's regulatory functions, e.g. planning applications, licensing applications and decisions on appeals etc., are not subject to the Call-In Procedure. A list of the matters, which are not subject to call-in, is set out at paragraph 3.4 below and in the Annex to this Protocol.
- d) If there is any dispute as to whether a decision is subject to the Call-In Procedure, then the matter will be referred to the Chief Executive whose decision will be final.

(B) Process for Call-in

- a) Decisions of Policy Committee and Sub-Committees shall be published by the Democratic Services and Scrutiny Manager by 4.30 p.m. on the second working day after the meeting has taken the decision.
- b) For a decision to be called-in, any three Members of the Council, who should not all be from the same Political Group, must request it. Such a request must be made in writing, which includes fax or e-mail, and be received by the Democratic Services and Scrutiny Manager by noon on the third working day after the publication of the decision. The request must state the item which it is requested should be called-in, the reason

for the call-In, (for example that the decision is contrary to approved Council policy), and must give the names of the Members requesting the Call-In.

- c) The Democratic Services and Scrutiny Manager will inform the Chairman of the Select Committee, the Chairman of the Policy Committee or Sub-Committee and the relevant Strategic Manager, as appropriate, of the request.
- d) The Democratic Services and Scrutiny Manager will arrange a meeting of the Select Committee to consider the request as soon as is reasonably practicable, normally within ten working days of the call-in request.
- e) The Select Committee, in considering the matter, will have access to all reports considered by the Policy Committee or sub-committee and to advice from officers.

3.3

Powers Available to the Committee and to Members

- a) The Select Committee has the power to require both Members and officers to attend its meetings and may invite other persons to attend its meetings when it considers a call-in. (Note: This is contained in Regulation 12 of the Local Authorities (Alternative Arrangements) (England) Regulations 2001.) A person is not obliged to answer any question which (s) he would be entitled to refuse to answer or for the purposes of proceedings in a court in England and Wales.
- b) Where a matter has been called-in, any of the Members making the request to call-in will have the right to attend Select Committee and speak during consideration of the call-in.
- c) If the Select Committee supports the decision made by the decision-maker, then this will be implemented. This will be reported, for information, to the next available meeting of the Policy Committee or sub-committee.
- d) If Select Committee does not support the decision, then the following action can be taken by a simple majority vote of the Select Committee:
 - the matter is referred to the Policy Committee or the sub-committee for further consideration;
 - the matter is referred to the Policy Committee or the sub-committee with a recommendation; or
 - exceptionally, the matter is referred to the Council Meeting to consider whether that body should reconsider the decision.
- e) The Select Committee must state its reasons for deciding on which course of action to take in its report.

3.4

Decisions not subject to call-in

The following decisions are not subject to call-in:

- A decision that stands as a recommendation to Council;
- A decision to implement a decision approved in principle by the Council within the preceding six months;
- A decision that has already been subject to call-in;
- A decision taken in circumstances where Policy Committee or the sub-committee has resolved that the matter is urgent, for

reasons recorded in the published decision, where any delay, which may result from calling-in the decision, may be prejudicial to the interests of the Council or a third party;

- A decision on a procedural matter;
- A decision to note a matter reported for information only; or
- Any of the types of decisions referred to in the Annex to these Rules.

3.5 General

Any Member of the Select Committee has the right to ensure that any matter which is relevant to the remit and functions of the Select Committee is included on the agenda for and is discussed at a meeting of that Committee.

4 COUNCILLOR CALL FOR ACTION

4.1 Councillor Call for Action aims to provide resolution of an issue raised by a Member that (s)he has not been able to resolve in other ways.

4.2 It is not a substitute for other means of problem resolution. It is a means of last resort if other methods have not been successful. As such, it is expected that it will be used sparingly.

4.3 The Select Committee's objective, when considering a Councillor Call for Action, is to recommend a resolution of the issue raised.

4.4 A Councillor Call for Action will only be discussed by the Select Committee if the Committee is satisfied that:

- the councillor has made all reasonable efforts to resolve the matter via direct liaison with council officers and /or relevant partners; and
- the issue of concern is a matter in respect of which the council has a power or duty to deal with and which is not precluded by adopted council policy or legislation; and
- the issue of concern has a significant impact on a part or the whole of that Councillor's ward.

4.5 A Councillor Call for Action will not be included on the Select Committee agenda if the request relates to:

- any matter relating to a planning decision;
- any matter relating to a licensing decision;
- any matter relating to an individual or entity in respect of which that individual has a right of recourse to a review or right of appeal conferred by or under any enactment or through the Council's Complaints procedures;
- any matter which, following the advice of the Monitoring Officer, is considered to be vexatious or discriminatory; or
- any matter which is deemed a local crime and disorder matter for the purposes of Section 19 of the Police and Justice Act 2006.

4.6 If the Select Committee considers that a Councillor Call for Action is valid, the issue will be considered at a specially convened meeting of

Part 4 – Rules of Procedure

the Select Committee to be held within 20 working days of validation of the Call and sooner if possible.

- 4.7 The meeting will be held within the Ward of the Councillor making the request, or, in the event of this not being possible, near to that Ward, wherever possible.
- 4.8 The issue raised by the Councillor Call for Action will be the subject of a report from the relevant director or corporate head, with such supporting information and evidence as is reasonably available. If the matter also or exclusively entails consideration of information held by another public body or partner, an appropriate representative shall be invited to the Select Committee to provide that information, make representations and answer questions.
- 4.9 The Councillor Call for Action will be considered by the Select Committee in public session, unless consideration of the issues involves the disclosure of exempt or confidential information as defined by the Council's Access to Information Procedure Rules.
- 4.10 The councillor that raised the Councillor Call for Action may address the Select Committee.
- 4.11 The Select Committee may, at the Chairman's discretion, consider representations from any residents of the ward affected by the issue subject to Councillor Call for Action.
- 4.12 If the Councillor Call for Action concerns issues that are within the remit of a Lead Member, that Lead Member shall also attend Select Committee to answer questions and make any representations.
- 4.13 The Select Committee shall produce a report recommending a resolution to the issue raised. Recommendations may be addressed to Policy Committee, the Chief Executive, or any appropriate external organisation or partnership.
- 4.14 Select Committee should use the checklist below to consider whether to take a Councillor Call for Action is valid.

APPENDICES

Appendix A

FINANCIAL MANAGEMENT STANDARDS

Why is this important?

- 1.01 *All staff and members have a duty to abide by the highest standards of probity in dealing with financial issues. This is facilitated by ensuring everyone is clear about the standards to which they are working and the controls that are in place to ensure that these standards are met.*

Key Controls

- 1.02 The key controls and control objectives for financial management standards are:
- (a) their promotion throughout the Council;
 - (b) a monitoring system to review compliance with financial standards, and regular comparisons of performance indicators and benchmark standards that are reported to Managers, Members, Committees and full Council as appropriate.

Responsibilities of the Chief Financial Officer

- 1.03 To ensure the proper administration of the financial affairs of the Council.
- 1.04 To set the financial management standards and to monitor compliance with them.
- 1.05 To ensure proper professional practices are adhered to and to act as “Head of Profession” in relation to the standards, performance and development of finance staff.
- 1.06 To advise on the key controls necessary to secure sound financial management.
- 1.07 To ensure that financial information is made available for the purposes of national and local financial performance indicators.

Responsibilities of the Corporate Leadership Team

- 1.08 To promote the financial management standards set by the Chief Financial Officer and to monitor adherence to the standards and practices, liaising as necessary with the Chief Financial Officer.
- 1.09 To promote sound financial practices in relation to the standards, performance and development of staff in their departments.

Managing Expenditure

Scheme of Virement (Revenue) - Why is this important?

- 1.10 *The scheme of virement is intended to enable Standing Committees, the Chief Executive, the CLT members and their staff to manage budgets with a degree of*

flexibility within the overall policy framework determined by the full Council, and therefore to optimise the use of resources.

Key Controls

1.11 Key controls for the scheme of virement are:

- (a) it is administered by the Chief Financial Officer within guidelines set by the full Council. Any variation from this scheme requires the approval of the full Council;
- (b) the overall budget is approved by the full Council. The CLT members and budget managers are therefore authorised to incur expenditure in accordance with the estimates that make up the budget. The rules below cover:
 - a. virement; that is, switching resources between approved estimates or heads of expenditure;
 - b. supplementary revenue estimates; that is, additional revenue budget provision over and above that approved by Members as part of the annual budget round;
 - c. budget slippage; that is unspent budget provision in one financial year that relates to an expenditure commitment in the following financial year;

For the purposes of this scheme, a budget estimate is considered to be a line in the approved revenue budget book;

- (c) Virement does not create additional overall budget provision. The CLT members are expected to exercise their discretion in managing their budgets responsibly and prudently and;
 - fortuitous or one-off savings shall not be used to fund new continuing or longer term commitments;
 - any savings in the budget for, capital financing costs (including lease rentals), investment income, internal recharges and insurances shall not be used to fund new expenditure on other heads of expenditure; and
 - in the case of a budget for employee costs, any virement must be net of the annual vacancy (or turnover) factor budget;
 - any additional costs arising in the following financial year are to be financed from further savings in the budget, unless agreed otherwise by full Council as part of the annual budget framework.
 - virement will not be permitted from any income budget until the budgeted level of income in any one financial year has been achieved within that financial year.
- (d) Where the effect of a virement is to change the total approved budget the relevant CLT member, in conjunction with the Chief Financial Officer, must seek the approval of the Policy Committee before undertaking the virement.

Responsibilities of all Corporate Leadership Team members

- 1.14 Subject to 1.11(c) and (d) above, members of the CLT may exercise virement without limit on budgets within his or her Department, in consultation with the Chief Financial Officer and the Monitoring Officer, in order to achieve the Departmental objectives as set out in the Corporate Plan.
- 1.15 Virement that will impact on the budget of a service activity of another Department may only be implemented after agreement with that Department's CLT member and following consultation with the Chief Financial Officer and the Monitoring Officer.
- 1.16 To submit a joint report to the Policy Committee with the Chief Financial Officer when it is proposed to change the total approved budget.

- 1.17 To notify Financial Services of virements agreed so that the necessary changes can be made to the budget.

General

- 1.18 Where an approved budget is a lump-sum budget or contingency intended for allocation during the year, its allocation will not be treated as a virement, provided that:
- (a) the amount is used in accordance with the purposes for which it has been established;
 - (b) the relevant Standing Committee has approved the basis and the terms, including financial limits, on which it will be allocated. Allocations in excess of the financial limits should be reported back to the relevant Committee for approval.

Supplementary Revenue Estimates

- 1.19 No revenue expenditure shall be incurred in connection with the adoption of any new policy without the prior approval of the Council.
- 1.20 Subject to FPR 1.23 and 1.24 below, any proposed expenditure that is not included in the approved Budget Estimates or any likely overspending which cannot be met by a budget transfer in accordance with the approved scheme of virement as outlined above shall **not** be incurred without the granting of a supplementary estimate approved by the Council after consideration of a report from the relevant Policy Committee.
- 1.23 Supplementary Revenue Estimates up to £10,000 can be approved by the Chief Executive, in consultation with the Chief Financial Officer and the Monitoring Officer, provided that:-
- (a) the total of all Supplementary Revenue Estimates, whether approved by the Chief Executive or by the relevant Policy Committee, in any one financial year does not exceed £30,000;
 - (b) any such Supplementary Revenue Estimates do not create an ongoing financial commitment for the Council. In the event of such a Supplementary Revenue Estimate, it must be approved by Council after consideration of a report from the Policy Committee;
 - (c) due regard is given to the effect of the Supplementary Revenue Estimate(s) on the Council's Medium Term Financial Strategy;
 - (d) that any such Supplementary Revenue Estimates do not result in the Council's General Fund Balance falling below 8% of net revenue budget.
- 1.24 Where the total of Supplementary Revenue Estimates in any one year exceeds £30,000, any subsequent Supplementary Revenue Estimates for that same financial year must be approved by the Council after consideration of a report by Policy Committee. Any such report must be prepared by the relevant CLT member in conjunction with the Chief Financial Officer.
- 1.25 Where, as a result of a proposed Supplementary Revenue Estimate, the Council's approved Minimum Working Balance would be breached, any such Supplementary Revenue Estimate must only be approved by the Council after consideration of a report to the Policy Committee from the Chief Financial Officer on the adequacy of the General Fund Working Balance.

Part 4 – Rules of Procedure

- 1.26 Where the Council receives external funding related to specific proposed revenue expenditure, either by virtue of conditions associated with the external funding or by a decision of the relevant Policy Committee, the CLT may, in consultation with the Chief Financial Officer, create additional budget provision and incur expenditure as appropriate, equivalent to the amount of external funding receivable.
- 1.27 Any such external funding receivable must, before any additional budget provision is created or expenditure is incurred, either have been received or be confirmed in writing by the Funder. Under no circumstances should the CLT member commit to, or incur expenditure without written confirmation of, and agreement to, the funding and associated conditions. The CLT must consult both the Chief Financial Officer and the Monitoring Officer on any such conditions prior to accepting an offer of external funding.

Budget Slippage

- 1.28 Budget Slippage relates to an unspent budget estimate for which there is an actual, and not possible, commitment to incur expenditure in the future. Ordinarily, this will apply when the commitment is to be incurred in a financial year following the budget underspend.
- 1.29 Subject to the approval of the Chief Financial Officer, in consultation with the Chief Financial Officer, the CLT may carry forward from one financial year to the next financial year, an unspent budget estimate relating to an actual commitment provided that:-
- (a) the maximum amount for each item of slippage within this delegated authority shall not exceed £5,000;
 - (b) the [controllable] budget for which the CLT member is responsible is not overspent in total
- 1.30 Any proposals for budget slippage which exceed £5,000 must be approved by the Policy Committee.
- 1.31 It is for the CLT to demonstrate to the Chief Financial Officer that there is an actual, and not possible, commitment to incur expenditure, For the purposes of this Procedure Rule, an actual commitment is defined as one where, for example:
- (a) there is a specific Committee resolution to incur the expenditure;
 - (b) an order has been placed for goods and services;
 - (c) the works for which the budget estimate relates are ongoing and not yet complete;
 - (d) an offer of grant has been made by the Council but has not yet been taken up (subject to time limits placed on the grant offer);

Accounting Policies

Why is this important?

- 1.32 *The Chief Financial Officer is responsible for the preparation of the Council's Statement of Accounts, in accordance with proper practices and set out in the format required by the Code of Practice on Local Authority Accounting in the United Kingdom (CIPFA/LASAAC), for each financial year ending 31 March.*

- 1.32 The key controls for accounting policies are:
- (a) systems of internal control are in place that ensure that financial transactions are lawful
 - (b) suitable accounting policies are selected and applied consistently
 - (c) proper accounting records are maintained
 - (d) financial statements are prepared which present fairly the financial position of the Council and its expenditure and income.

Responsibilities of the Chief Financial Officer

- 1.33 To select suitable accounting policies and to ensure that they are applied consistently. The accounting policies are set out in the Statement of Accounts, which is prepared as at 31 March each year, and covers such items as:

 - (b) the basis on which debtors and creditors at year end are included in the accounts
 - (c) fixed assets
 - (d) capital charges
 - (e) work in progress and stocks

 - (g) accounting for value added tax
 - (h) government grants
 - (i) leasing
 - (j) pensions.

Responsibilities of Chief Executive, and the Corporate Leadership Team

- 1.34 To adhere to the accounting policies and guidelines approved by the Chief Financial Officer.

Accounting Records and Returns

Why is this important?

- 1.35 *Maintaining proper accounting records is one of the ways in which the Council discharges its responsibility for stewardship of public resources. The Council has a statutory responsibility to prepare its annual accounts to present fairly its operations during the year. These are subject to external audit. This audit provides independent assurance that the accounts are prepared properly, that proper accounting practices have been followed and that arrangements have been made for securing economy, efficiency and effectiveness in the use of the Council's resources.*

Key Controls

- 1.36 The key controls for accounting records and returns are:
- (a) finance staff and budget managers operate within the required accounting standards and timetables
 - (b) all the Council's transactions, material commitments and contracts and other essential accounting information are recorded completely, accurately and on a timely basis
 - (c) procedures are in place to enable accounting records to be reconstituted in the event of systems failure

Part 4 – Rules of Procedure

- (d) reconciliation procedures are carried out to ensure transactions are correctly recorded
- (e) prime documents are retained in accordance with legislative and other requirements.

Responsibilities of the Chief Financial Officer

- 1.37 To determine the accounting procedures and records for the Council. Where these are maintained outside Financial Services, the Chief Financial Officer should consult the CLT member concerned.
- 1.38 To arrange for the compilation of all accounts and accounting records under his or her direction.
- 1.39 To comply with the following principles when allocating accounting duties:
 - (a) separating the duties of providing information about sums due to or from the Council and calculating, checking and recording these sums from the duty of collecting or disbursing them
 - (b) employees with the duty of examining or checking the accounts of cash transactions must not themselves be engaged in these transactions.
- 1.40 To make proper arrangements for the audit of the Council's accounts in accordance with the Accounts and Audit Regulations 2011.
- 1.41 To ensure that all claims for funds including grants are made by the due date.
- 1.42 To prepare, have approved and publish the Statement of Accounts of the Council for each financial year, in accordance with the requirements of the Accounts and Audit Regulations 2003 and any other similar guidance.

Responsibilities of the Corporate Leadership Team

- 1.43 To consult and obtain the approval of the Chief Financial Officer before making any changes to accounting records and procedures.
- 1.44 To comply with the principles outlined in paragraph 1.39 when allocating accounting duties.
- 1.45 To maintain adequate records to provide a management/audit trail leading from the source of income/expenditure through to the accounting statements.
- 1.46 To supply information required to enable the Statement of Accounts to be completed in accordance with statutory requirements and timescales.

The Annual Statement of Accounts

Why is this important?

- 1.47 *The Council has a statutory responsibility to prepare its own accounts to present fairly its operations during the year. The Audit & Governance Committee is responsible for approving the statutory Annual Statement of Accounts.*

Key Controls

- 1.48 The key controls for the annual Statement of Accounts are:

Part 4 – Rules of Procedure

- the Council is required to make arrangements for the proper administration of its financial affairs and to ensure that one of its officers has the responsibility for the administration of these affairs. In this Council, that officer is the Section 151 Officer.
- the Council's statement of accounts must be prepared in accordance with proper practices as set out in the *Code of Practice on Local Authority Accounting in the United Kingdom* (CIPFA/LASAAC) and any other relevant guidance.

Responsibilities of Members

- 1.49 In accordance with Section 10 of the Accounts and Audit Regulations 2011, the Council's Statement of Accounts must be signed and dated by the Chairman of the Audit and Governance Committee at the meeting at which it is approved.

Responsibilities of the Chief Financial Officer

- 1.50 Prior to approval by the Audit & Governance Committee, to sign and date the statement of accounts, stating that it presents fairly the financial position of the Council at the accounting date and its income and expenditure for the financial year ended 31 March.
- 1.51 To select suitable accounting policies and to apply them consistently.
- 1.52 To make judgements and estimates that are reasonable and prudent.
- 1.53 To comply with the CODE and other relevant guidance.
- 1.54 To draw up the timetable for final accounts preparation and to advise staff and external auditors accordingly.

Responsibilities of the Corporate Leadership Team

- 1.55 To comply with accounting guidance provided by the Chief Financial Officer and to supply him/her with information when required.

Appendix B

FINANCIAL PLANNING

PERFORMANCE PLANS

Why is this important?

- 2.01 *Each local Council has a statutory responsibility to publish various service plans and strategies. The purpose of service plans is to explain overall priorities and objectives, current performance, and proposals for further improvement.*

Key Controls

- 2.02 The key controls for service plans are:

- (a) to ensure that all relevant plans are produced and that they are consistent
- (b) to produce plans in accordance with statutory requirements
- (c) to meet the timetables set
- (d) to ensure that all performance information is accurate, complete and up to date

- 2.04 To contribute to the development of corporate and service targets and objectives and performance information.

Responsibilities of the Corporate Leadership Team

- 2.07 To contribute to the development of service plans in line with statutory requirements.
- 2.08 To contribute to the development of corporate and service targets and objectives and performance information.
- 2.09 To ensure that systems are in place for their area(s) of responsibility to measure activity and collect accurate information for use as performance indicators.
- 2.10 To ensure that performance information is monitored sufficiently frequently to allow corrective action to be taken if targets are not likely to be met for their area(s) of responsibility.

Budgeting

Format of the Budget

Why is this important?

- 2.11 *The format of the budget determines the level of detail to which financial control and management will be exercised.*

Key Controls

- 2.12 The key controls for the budget format are:
- (a) the format complies with all legal requirements
 - (b) the format complies with CIPFA's *Service Reporting Code of Practice (SeRCOP)*
 - (c) the format reflects the accountabilities of service delivery.

Responsibilities of the Chief Financial Officer

- 2.13 To advise Policy Committee on the format of the budget that is ultimately approved by the full Council.
- 2.14 To provide accounting guidance on the format of the budget.

Responsibilities of the Corporate Leadership Team

- 2.15 To comply with accounting guidance provided by the Chief Financial Officer.

REVENUE BUDGET PREPARATION, MONITORING AND CONTROL

Why is this important?

- 2.16 *Budget management ensures that once the budget has been approved by the full Council, resources allocated are used for their intended purposes and are properly accounted for. Budgetary control is a continuous process, enabling the Council to review and adjust its budget targets during the financial year. It also provides the mechanism that calls to account managers responsible for defined elements of the budget.*
- 2.17 *By continuously identifying and explaining variances against budgetary targets, the Council can identify changes in trends and resource requirements at the earliest opportunity. The Council itself operates within an annual cash limit, approved when setting the overall budget. To ensure that the Council in total does not overspend, each service is required to manage its own expenditure within the cash-limited budget allocated to it.*
- 2.18 *For the purposes of budgetary control by managers, a budget will normally be the planned income and expenditure for a service area or cost centre. However, budgetary control may take place at a more detailed level if this is required by the CLT members agreed scheme of delegation.*

Key Controls

- 2.19 The key controls for managing and controlling the revenue budget are:
- (a) budget managers should be responsible only for income and expenditure that they can influence
 - (b) there is a nominated budget manager for each cost centre heading
 - (c) budget managers accept accountability for their budgets and the level of service to be delivered and understand their financial responsibilities

- (d) budget managers follow the approved certification process for all expenditure
- (e) income and expenditure are properly recorded and accounted for
- (f) performance levels/levels of service are monitored in conjunction with the budget and necessary action is taken to align service outputs and budget
- (g) compliance with the agreed scheme of virement.

Responsibilities of the Chief Financial Officer

- 2.20 To establish an appropriate framework of budgetary management and control that ensures that:
- (a) budget management is exercised within annual cash limits unless the full Council agrees otherwise
 - (b) the CLT has available timely information on receipts and payments on each budget which is sufficiently detailed to enable managers to fulfil their budgetary responsibilities
 - (c) expenditure is committed only against an approved budget head
 - (d) all officers responsible for committing expenditure comply with relevant guidance, and the Financial Procedure Rules
 - (e) each cost centre has a single named manager, determined by the CLT. As a general principle, budget responsibility should be aligned as closely as possible to the decision-making processes that commits expenditure
 - (f) significant variances from approved budgets are investigated and reported by budget managers regularly.
- 2.21 To administer the Council's scheme of virement.
- 2.22 To submit reports to the Policy Committee and to the full Council, in consultation with the relevant CLT officer, where a budget manager is unable to balance expenditure and resources within existing approved budgets under his or her control.
- 2.23 In accordance with Section 28 of the Local Government Act 2003, to prepare and submit reports on the Council's projected income and expenditure compared with the budget on a regular basis.

Responsibilities of the Corporate Leadership Team

- 2.24 To maintain budgetary control within their departments, in adherence to the principles in 2.18, and to ensure that all income and expenditure are properly recorded and accounted for.
- 2.25 To ensure that an accountable budget manager is identified for each item of income and expenditure under his or her control (grouped together in a series of cost centres). As a general principle, budget responsibility should be aligned as closely as possible to the decision-making that commits expenditure.
- 2.26 To ensure that spending remains within the service's overall cash limit, and that individual budget heads are not overspent, by monitoring the budget and taking appropriate corrective action where significant variations from the approved budget are forecast.
- 2.27 To ensure that a monitoring process is in place to review performance levels/levels of service in conjunction with the budget and is operating effectively.
- 2.28 To ensure prior approval by the full Council or Committee (as appropriate) for new proposals, of whatever amount, that:

- (a) create financial commitments in future years
- (b) change existing policies, initiate new policies or cease existing policies
- (c) materially extend or reduce the Council's services

Reports on new proposals must explain the full financial implications following consultation with the Chief Financial Officer. The CLT should aim to contain the implications of such proposals within their approved budgets.

- 2.29 To ensure compliance with the scheme of virement.
- 2.30 To agree with the relevant CLT member where it appears that a budget proposal, including a virement proposal, may impact materially on another service area.

BUDGETS AND MEDIUM-TERM FINANCIAL PLANNING

Why is this important?

- 2.31 *The Council is a complex organisation responsible for delivering a wide variety of services. It needs to plan effectively and to develop systems to enable scarce resources to be allocated in accordance with carefully weighed priorities and objectives that have been agreed by the Council. The budget is the financial expression of the Council's plans and policies.*
- 2.32 *The revenue budget must be constructed so as to ensure that resource allocation properly reflects the service plans and priorities of the full Council. Budgets (spending plans) are needed so that the Council can plan, authorise, monitor and control the way money is allocated and spent. It is illegal for an authority to budget for a deficit.*
- 2.33 *Medium-term planning (three to five-year period) involves a planning cycle in which managers develop their own plans. As each year passes, another future year will be added to the medium-term plan. This ensures that the Council is always preparing for events in advance.*

Key Controls

- 2.34 The key controls for budgets and medium-term planning are:
- (a) specific budget approval for all expenditure
 - (b) budget managers are consulted in the preparation of the budgets for which they will be held responsible and accept accountability within delegations set by Committee for their budgets and the level of service to be delivered
 - (c) a monitoring process is in place to review regularly the effectiveness and operation of budget preparation and to ensure that any corrective action is taken.

Responsibilities of the Chief Financial Officer

- 2.35 To prepare and submit reports on budget forecasts for Policy Committee, including resource constraints set by the Government. Reports should take account of medium-term prospects, where appropriate.
- 2.36 To determine the detailed form of revenue estimates and the methods for their preparation, consistent with the budget approved by the full Council.

Part 4 – Rules of Procedure

- 2.36 To prepare and submit reports to Standing Committees on the spending plans of departments and on the resources available to fund them, identifying, where appropriate, the implications for the level of Council Tax to be levied.
- 2.38 To advise on the medium-term implications of spending decisions.
- 2.39 To encourage the best use of resources and value for money by working with the CLT to identify opportunities to improve economy, efficiency and effectiveness, and by encouraging good practice in conducting financial appraisals of development or savings options, and in developing financial aspects of service planning.
- 2.40 To advise the full Council on Committee proposals thereby discharging his/her responsibilities under section 151 of the Local Government Act 1972.

Responsibilities of the Corporate Leadership Team

- 2.41 To assist the Chief Financial Officer in the preparation of estimates to be submitted to Standing Committees, having regard to:
 - (a) spending patterns and pressures revealed through the budget monitoring process
 - (b) legal requirements
 - (c) policy requirements as defined by the full Council in the approved policy framework
 - (d) initiatives already under way.
- 2.42 To prepare budgets that are consistent with any relevant cash limits, with the Council's annual budget cycle, and with guidelines issued by Policy Committee or Chief Financial Officer. The format should be as prescribed by the Chief Financial Officer in accordance with the full Council's general directions.
- 2.43 To integrate financial and budget plans into service planning, so that budget plans can be supported by financial and non-financial performance measures.

RESOURCE ALLOCATION

Why is this important?

- 2.44 *A mismatch often exists between available resources and required resources. A common scenario is that available resources are not adequate to fulfil need/aims. It is therefore imperative that needs/aims are carefully prioritised and that resources are fairly allocated, in order to fulfil all legal responsibilities. Resources may include staff, money, equipment, goods and materials.*

Key Controls

- 2.45 The key controls for resource allocation are:
 - (a) resources are acquired in accordance with the law and using an approved authorisation process
 - (b) resources are used only for the purpose intended in order to achieve the approved policies and objectives, and are properly accounted for
 - (c) resources are securely held for use when required
 - (d) resources are used with the minimum level of waste, inefficiency or loss for other reasons.

Responsibilities of the Chief Financial Officer

- 2.46 To advise on methods available for the funding of resources, such as grants from central government and borrowing requirements.
- 2.47 To assist in the allocation of resources to budget managers.

Responsibilities of the Corporate Leadership Team

- 2.48 To work within budget limits and to utilise resources allocated, and further allocate resources, in the most efficient, effective and economic way.
- 2.49 To identify opportunities to minimise or eliminate resource requirements or consumption without having a detrimental effect on service delivery.

CAPITAL PROGRAMMES

Why is this important?

- 2.50 *Capital expenditure involves acquiring or enhancing fixed assets with a long-term value to the Council, such as land, buildings, and major items of plant, equipment or vehicles, where the cost is equal to or greater than £10,000, or for community capital grants, equal to or greater than £5,000. Capital assets shape the way services are delivered in the long term and create financial commitments for the future in the form of financing costs and revenue running costs.*
- 2.51 *The Government places strict controls on the financing capacity of the Council. This means that capital expenditure should form part of an investment strategy and should be carefully prioritised in order to maximise the benefit of scarce resources.*

Key Controls

- 2.52 The key controls for capital programmes are:
 - (a) specific approval by the full Council for the programme of capital expenditure
 - (b) the development and implementation of asset management plans
 - (c) accountability for each proposal is accepted by a named manager
 - (d) monitoring of progress in conjunction with expenditure and comparison with approved budget.
 - (e) scheme of virement for capital projects
 - (f) evaluation of schemes to form the capital programme

Responsibilities of the Chief Financial Officer

- 2.53 To prepare capital estimates jointly with the Chief Executive, the CLT and to report them to Policy Committee for approval. The Policy Committee will make recommendations on the capital estimates and on any associated financing requirements to the full Council.
- 2.54 To prepare and submit a report to the Policy Committee on, amongst other things, the affordability, sustainability and prudence of the Council's proposed capital programme in accordance with the Prudential Code for Capital Finance in Local Authorities.
- 2.55 To prepare and submit reports to any Standing Committees on the projected income, expenditure and resources compared with the approved estimates.

Part 4 – Rules of Procedure

- 2.56 To issue guidance concerning capital schemes and controls, for example, on project appraisal techniques. The definition of 'capital' will be determined by the Chief Financial Officer, having regard to government regulations and accounting requirements.
- 2.57 To provide periodic reports to the Policy Committee outlining progress on the overall capital programme indicating where amendments may be required to reflect changing circumstances and to ensure the necessary approval mechanisms for virement or supplementary estimates are complied with.

Responsibilities of the Corporate Leadership Team

- 2.58 To comply with the Councils Contract Procedure Rules
- 2.59 To comply with any guidance concerning capital schemes and controls issued by the Chief Financial Officer.
- 2.60 To ensure that all capital proposals have undergone a project appraisal in accordance with guidance issued by the Chief Financial Officer.
- 2.61 To implement capital schemes within the approved timescale and to submit regular returns of estimated final costs of schemes in the approved capital programme to and as required by the Chief Financial Officer.
- 2.62 To ensure that adequate records are maintained for all capital contracts.
- 2.63 To proceed with projects only when there is adequate provision in the capital programme and with the agreement of the Chief Financial Officer where required.
- 2.64 To submit reports, jointly with the Chief Financial Officer, to the appropriate Standing Committee, of any variation in contract costs as required in accordance with the Council's Contract Procedure Rules.
- 2.65 To prepare and submit reports, jointly with the Chief Financial Officer, to the appropriate Committee on completion of all contracts.
- 2.66 To ensure that credit arrangements, such as leasing agreements (including office equipment), are not entered into without the prior approval of the Chief Financial Officer and, if applicable, approval of the scheme through the capital programme.

Scheme of Virement (Capital Programme) - Why is this important?

- 2.67 *The scheme of virement for the Capital Programme is intended to enable Standing Committees, the Chief Executive, the CLT and their staff to manage the Capital Programme with a degree of flexibility within the overall policy framework determined by the full Council, and therefore to optimise the use of resources in the delivery of services to achieve the corporate priorities of the Council.*

Key Controls

- 2.68 Key controls for the scheme of virement are:
 - a) it is administered by the Chief Financial Officer within guidelines set by the full Council. Any variation from this scheme requires the approval of the full Council;

Part 4 – Rules of Procedure

- b) the overall capital programme is approved by the full Council. The CLT and budget managers are therefore authorised to incur expenditure in accordance with the estimates that make up the capital programme. The rules below cover:
 - i virement; that is, switching resources between approved estimates or heads of expenditure;
 - ii supplementary capital estimates; that is, additional capital budget provision over and above that approved by Members as part of the annual budget round.

For the purposes of this scheme, a capital programme estimate is considered to be a line in the approved capital programme included in the Council's budget book.

- c) virement in the capital programme does not create additional overall budget provision. The CLT are expected to exercise their discretion in managing their capital programme budgets responsibly and prudently and:-
 - i. fortuitous or one-off savings shall not be used to fund new, continuing or longer term commitments;
 - ii. virement will not be permitted from the budget of a capital project which is financed by way of external funding where the effect of the virement will be to reduce the amount of external funding receivable by the Council, assets to be leased or internal recharges;
- d) the CLT, in conjunction with the Chief Financial Officer and the Strategic Manager - Legal & Democratic Services, must seek the approval of the Policy Committee before undertaking a virement. where the effect of the virement represents a change:-
 - i. in the total approved Capital Programme;
 - ii. to an existing policy decision.

Responsibilities of the Chief Financial Officer

- 2.69 To agree and maintain a record of all capital programme virements implemented and to report these to the relevant Standing Committee as appropriate.
- 2.70 To submit a joint report to the Policy Committee with the CLT when it is proposed to change the total approved capital programme.

Responsibilities of the Corporate Leadership Team

- 2.71 Subject to FPR 2.68c) and d) above, the CLT member may exercise virement without limit on capital projects within his or her Service, in consultation with the Chief Financial Officer and the Monitoring Officer, in order to achieve the Service objectives as set out in the Annual Service Plan.
- 2.72 Virement that will impact on a capital project of a service activity of another Department may only be implemented after agreement with that Department's CLT member and following consultation with the Chief Financial Officer and the Monitoring Officer.
- 2.73 To submit a report to the Policy Committee when it is proposed to change the total approved capital programme.
- 2.74 To notify Financial Services of capital programme virements agreed so that the necessary changes can be made to the capital budget.

General

- 2.75 Where an approved budget in the Capital Programme is a lump-sum budget or contingency intended for allocation during the year, its allocation will not be treated as a virement, provided that:
- (a) the amount is used in accordance with the purposes for which it has been established;
 - (b) the relevant Committee has approved the basis and the terms, including financial limits, on which it will be allocated. Allocations in excess of the financial limits should be reported back to the relevant Committee for approval.

Supplementary Capital Estimates

- 2.76 No capital expenditure shall be incurred in connection with the adoption of any new policy without the prior approval of the Council.
- 2.77 Subject to FPR 2.78 and 2.79 below, any proposed capital expenditure that is not included in the approved capital programme or any likely overspending which cannot be met by a budget transfer in accordance with the approved scheme of virement as outlined above shall **not** be incurred without the granting of a supplementary capital estimate approved by the Council after consideration of a report from the Policy Committee.
- 2.78 Supplementary Capital Estimates up to £10,000 for an existing project can be approved by the Chief Financial Officer provided that:
- (a) the total of all Supplementary Capital Estimates, whether approved by the Chief Financial Officer or by the Policy Committee, in any one financial year does not exceed £50,000; and
 - (b) where any such proposal for a Supplementary Capital Estimate is a new addition to the capital programme, and is not in connection with the adoption of a new policy, it has been subject to a capital project appraisal as determined by the Chief Financial Officer;
 - (c) any such Supplementary Capital Estimates do not create an ongoing financial commitment for the Council. In the event of a such Supplementary Capital Estimate, it must be approved by Council after consideration of a report from the Policy Committee;
 - (e) due regard is given to the effect of the Supplementary Capital Estimate(s) on the Council's Medium Term Financial Strategy (incorporating the Medium Term Capital Programme).
- 2.79 Not including additional capital budgets arising from compliance with FPR2.80 and 2.81 below, where the total of Supplementary Capital Estimates in any one year exceeds £50,000, any subsequent Supplementary Capital Estimates for that same financial year must be approved by the Council after consideration of a report from the Policy Committee. Any such report must be prepared by the relevant CLT member, in conjunction with the Chief Financial Officer.
- 2.80 Where the Council receives external funding related to specific proposed capital expenditure, either by virtue of conditions associated with the external funding or by a decision of the Policy Committee, the CLT, in consultation with the Chief Financial Officer, create additional capital budget provision and incur capital expenditure as appropriate, equivalent to the amount of external funding receivable.
- 2.81 Any such external funding receivable must, before any additional capital budget provision is created or expenditure is incurred, either have been received or be

confirmed in writing by the Funder. Under no circumstances should the CLT commit to, or incur expenditure without written confirmation of, and agreement to, the funding and associated conditions. The CLT must consult both the Chief Financial Officer and Strategic Manager-Legal & Democratic Services on any such conditions prior to accepting an offer of external funding.

- 2.82 In relation to FPR 2.80 and 2.81, the CLT must ensure that, where it is applicable, any additional revenue expenditure arising from a capital scheme funded from external funding can be contained within his/her approved budget or, where this is not the case, that any additional budget provision is created in accordance with FPR 1.10 to 1.18 (Revenue Virement), FPR 1.19 to 1.27 (Supplementary Estimates) or FPR 1.28 to 1.31 (Budget Slippage).

Capital Project Appraisals

- 2.83 Capital Project Appraisals will be undertaken to determine a projects inclusion in the Capital Programme or otherwise. The form of the Appraisal process will be determined by the Chief Financial Officer

MAINTENANCE OF RESERVES

Why is this important?

- 2.84 *The Council must decide the level of general balances and reserves it wishes to maintain before it can decide the level of Council Tax. Balances and reserves are maintained as a matter of prudence. They enable the Council to provide for unexpected events and thereby protect it from overspending, should such events occur. Reserves for specific purposes may also be maintained, such as the purchase or renewal of capital items.*

Key Controls

- 2.85 To maintain reserves in accordance with the *Code of Practice on Local Authority Accounting in the United Kingdom* (CIPFA/LASAAC) and agreed accounting policies.
- 2.86 For each reserve established, the purpose, usage and basis of transactions must be clearly identified.
- 2.87 The use of reserves is to be considered as part of the overall budget framework with their use subject to approval by Policy Committee or full Council where the amount involved exceeds £30,000 and/or where the proposed expenditure relates to a new policy or an extension of existing policy.

Responsibilities of the Chief Financial Officer

- 2.88 To advise the Policy Committee and/or the full Council on prudent levels of reserves for the Council, and to take account of the advice of the external auditor in this matter.

Responsibilities of the Corporate Leadership Team

- 2.89 To ensure that resources are used only for the purposes for which they were intended

Appendix C

RISK MANAGEMENT AND CONTROL OF RESOURCES

RISK MANAGEMENT

Why is this important?

- 3.01 *All organisations, whether private or public sector, face risks to people, property and continued operations. Risk is the chance or possibility of loss, damage, injury or failure to achieve objectives caused by an unwanted or uncertain action or event. Risk management is the planned and systematic approach to the identification, evaluation and control of risk. Its objectives are to secure the assets of the organisation and to ensure the continued financial and organisational well-being of the organisation. In essence it is, therefore, an integral part of good business practice. Risk management is concerned with evaluating the measures an organisation already has in place to manage identified risks and then recommending the action the organisation needs to take to control those risks effectively.*
- 3.02 *It is the overall responsibility of the Policy Committee to approve the Council's risk management strategy, and to promote a culture of risk management awareness throughout the Council.*

Key Controls

- 3.03 The key controls for risk management are:
- (a) procedures are in place to identify, assess, prevent or contain material known risks, and these procedures are operating effectively throughout the Council
 - (b) a monitoring process is in place to review regularly the effectiveness of risk reduction strategies and the operation of these controls. The risk management process should be conducted on a continuing basis
 - (c) managers know that they are responsible for managing relevant risks and are provided with relevant information on risk management initiatives
 - (d) provision is made for losses that might result from the risks that remain
 - (e) procedures are in place to investigate claims within required timescales
 - (f) acceptable levels of risk are determined and insured against where appropriate
 - (g) the Council has identified business continuity plans for implementation in the event of disaster that results in significant loss or damage to its resources.

Responsibilities of the Chief Financial Officer

- 3.04 In conjunction with the Chief Executive to prepare and promote the Council's risk management policy statement.
- 3.05 To develop risk management controls in conjunction with CLT.
- 3.06 To maintain under continuous review the Council's Risk Register in conjunction with the Council's Corporate Risk Management Group.
- 3.07 To prepare and submit reports on Risk Management to the Council's Audit & Governance Committee as appropriate.
- 3.08 To include all appropriate employees of the Council in a suitable fidelity guarantee insurance.

Part 4 – Rules of Procedure

- 3.10 To effect and maintain corporate insurance cover, through external insurance (and internal funding where considered appropriate to do so).

Responsibilities of the Corporate Leadership Team

- 3.11 To notify the Chief Financial Officer and the Monitoring Officer immediately of any loss, liability or damage that may lead to a claim against the Council, together with any information or explanation required by the Chief Financial Officer or the Council's insurers.
- 3.12 To share responsibility for risk management, having regard to advice from the Chief Financial Officer, Financial Services and specialist officers (e.g. crime prevention, fire prevention, health and safety) and to report any risk management implications to Members as appropriate.
- 3.13 To ensure that there are regular reviews of risk within their service areas and that any such risks are notified to the Chief Financial Officer to be considered for inclusion on the Council's Risk Register
- 3.14 To notify the Chief Financial Officer promptly of all new risks, properties or vehicles that require insurance and of any alterations affecting existing insurances.
- 3.15 The Chief Financial Officer and the Monitoring Officer will be responsible for any negotiations on claims in consultation with other officers where necessary.
- 3.16 To consult the Chief Financial Officer and the Monitoring Officer on the terms of any indemnity that the Council is requested to give.
- 3.17 To ensure that employees, or anyone covered by the Council's insurances, do not admit liability or make any offer to pay compensation that may prejudice the assessment of liability in respect of any insurance claim.

Internal Controls

Why is this important?

- 3.18 *The Council is a complex organisation and beyond the direct control of individuals. It therefore requires internal controls to manage and monitor progress towards strategic objectives.*
- 3.19 *The Council has statutory obligations, and, therefore, requires internal controls to identify, meet and monitor compliance with those obligations.*
- 3.20 *The Council faces a wide range of financial, administrative and commercial risks, both from internal and external factors, which threaten the achievement of its objectives. Internal controls are necessary to manage those risks.*
- 3.21 *The system of internal controls is established in order to provide measurable achievement of:*
(a) efficient and effective operations
(b) reliable financial information and reporting
(c) compliance with laws and regulations
(d) risk management.

Key Controls

- 3.22 The key controls and control objectives for internal control systems are:
- (a) key controls should be reviewed on a regular basis and the Council should, in accordance with Regulation 4 of the Accounts and Audit Regulations 2003, as amended by the Accounts and Audit (amendment) (England) Regulations 2006 produce a formal Annual Corporate Governance Statement to the effect that it is satisfied that the systems of internal control are operating effectively
 - (b) managerial control systems, including defining policies, setting objectives and plans, monitoring financial and other performance and taking appropriate anticipatory and remedial action. The key objective of these systems is to promote ownership of the control environment by defining roles and responsibilities
 - (c) financial and operational control systems and procedures, which include physical safeguards for assets, segregation of duties, authorisation and approval procedures and information systems
 - (d) an effective internal audit function that is properly resourced. It should operate in accordance with the principles contained in the Auditing Practices Board's auditing guideline *Guidance for Internal Auditors*, CIPFA's *Code of Practice for Internal Audit in Local Government in the United Kingdom* and with any other statutory obligations and regulations.

Responsibilities of Members

- 3.23 Prior to approval by the Audit & Governance Committee, the Council's Leader (as the most senior member) must sign and date the Council's annual Corporate Governance Statement.

Responsibilities of the Chief Executive

- 3.24 Prior to approval by the Audit & Governance Committee, to sign and date the Council's annual Corporate Governance Statement.

Responsibilities of the Chief Financial Officer

- 3.25 To assist the Council to put in place an appropriate control environment and effective internal controls which provide reasonable assurance of effective and efficient operations, financial stewardship, probity and compliance with laws and regulations.
- 3.26 To prepare and submit the Council's annual Corporate Governance Statement to the Audit & Governance Committee for approval.

Responsibilities of the Corporate Leadership Team

- 3.27 To manage processes to check that established controls are being adhered to and to evaluate their effectiveness in order to be confident in the proper use of resources, achievement of objectives and management of risks.
- 3.28 To review existing controls in the light of changes affecting the Council and to establish and implement new ones in line with guidance from the Chief Financial Officer. CLT Officers should also be responsible for removing controls that are unnecessary or not cost or risk effective – for example, because of duplication.
- 3.29 To ensure staff have a clear understanding of the consequences of lack of control.

AUDIT REQUIREMENTS

INTERNAL AUDIT

Why is this important?

- 3.30 *The requirement for an internal audit function for local authorities is implied by Section 151 of the Local Government Act 1972, which requires that authorities “make arrangements for the proper administration of their financial affairs”. The Accounts and Audit Regulations 2011 (SI 2011/817), part 2 more specifically, require that a “relevant body shall maintain an adequate and effective system of internal audit of their accounting records and control systems”.*
- 3.31 *Accordingly, internal auditing is an independent, objective assurance and consulting activity designed to add value and improve the Council’s operations. It helps the Council to accomplish its objectives by a systematic, disciplined approach to evaluate and improve the effectiveness of risk management , control and governance processes .*

Key Controls

- 3.32 The key controls for internal audit are:
- (a) that it is independent in its planning and operation
 - (b) the Audit Manager has direct access to the Head of Paid Service, all levels of management and directly to elected Members
 - (c) the Audit Manager complies with the Public Sector Internal Audit Standards and the accompanying Local Government Application Note published by CIPFA in collaboration with the CIA.

Responsibilities of the Chief Financial Officer

- 3.33 To ensure that the Internal Audit Manager has the authority to:
- (a) access Council premises at reasonable times

- 3.35 To ensure that effective procedures are in place to investigate promptly any suspected fraud or irregularity.

Responsibilities of the Corporate Leadership Team

- 3.36 To ensure that the Internal Audit Manager is given access at all reasonable times to premises, personnel, documents and assets that the auditors consider necessary for the purposes of their work.
- 3.37 To ensure that the Internal Audit Manager is provided with any information and explanations that he/she seeks in the course of his/her work.

Part 4 – Rules of Procedure

- 3.39 To ensure that any agreed actions arising from audit recommendations are carried out in a timely and efficient fashion.
- 3.40 To notify the Chief Financial Officer immediately of any suspected fraud, theft, irregularity, improper use or misappropriation of the Council's property or resources. Pending investigation and reporting, the CLT member should take all necessary steps to prevent further loss and to secure records and documentation against removal or alteration.
- 3.41 To ensure that new systems for maintaining financial records, or records of assets, or changes to such systems, are discussed with and agreed by the Internal Audit Manager prior to implementation.

EXTERNAL AUDIT

Why is this important?

- 3.42 *The Local Government Finance Act 1982 set up the Audit Commission, which is responsible for appointing external auditors to each local authority in England and Wales. The external auditor has rights of access to all documents and information necessary for audit purposes.*
- 3.43 *The basic duties of the external auditor are defined in the Audit Commission Act 1998 and the Local Government Act 1999. In particular, section 4 of the 1998 Act requires the Audit Commission to prepare a Code of Audit Practice, which external auditors follow when carrying out their duties. The Code of Audit Practice issued in March 2010 sets out the auditor's objectives to review and report upon:*
 - (a) the financial aspects of the audited body's corporate governance arrangements;*
 - (b) the audited body's financial statements;*
 - (c) aspects of the audited body's arrangements to manage its performance, including the preparation and publication of specified performance information.*
- 3.44 *The Council's accounts are scrutinised by external auditors, who must be satisfied that the Statement of Accounts gives a true and fair view of the financial position of the Council and its income and expenditure for the year in question and complies with the legal requirements.*

Key Controls

- 3.45 External auditors are appointed by the Audit Commission normally for a minimum period of five years. The Audit Commission prepares a Code of Audit Practice, which external auditors follow when carrying out their audits.

Responsibilities of the Chief Financial Officer

- 3.46 To ensure that external auditors are given access at all reasonable times to premises, personnel, documents and assets that the external auditors consider necessary for the purposes of their work.
- 3.47 To ensure there is effective liaison between external and internal audit.

Part 4 – Rules of Procedure

- 3.48 To work with the external auditor and advise the full Council, Members, and the Strategic Managers on their responsibilities in relation to external audit.

Responsibilities of the Corporate Leadership Team

- 3.49 To ensure that external auditors are given access at all reasonable times to premises, personnel, documents and assets which the external auditors consider necessary for the purposes of their work.
- 3.50 To ensure that all records and systems are up to date and available for inspection.

PREVENTING FRAUD AND CORRUPTION

Why is it this important?

- 3.51 *The Council will not tolerate fraud and corruption in the administration of its responsibilities, whether from inside or outside the Council.*
- 3.52 *The Council's expectation of propriety and accountability is that members and staff at all levels will lead by example in ensuring adherence to legal requirements, rules, procedures and practices.*
- 3.53 *The Council also expects that individuals and organisations (e.g. suppliers, contractors, service providers) with whom it comes into contact will act towards the Council with integrity and without thought or actions involving fraud and corruption.*

Key Controls

- 3.54 The key controls regarding the prevention of financial irregularities are:
- (a) the Council has an effective anti-fraud and anti-corruption policy and maintains a culture that will not tolerate fraud or corruption
 - (b) all Members and Staff act with integrity and lead by example
 - (c) senior managers are required to deal swiftly and firmly with those who defraud or attempt to defraud the Council or who are corrupt
 - (d) high standards of conduct are promoted amongst Members by the Council's Standards Committee
 - (e) registers of interests and registers for the recording of hospitality or gifts accepted are maintained
 - (f) whistle blowing procedures are in place and operate effectively
 - (g) legislation including the Public Interest Disclosure Act 1998 is adhered to.

Responsibilities of the Chief Financial Officer

- 3.55 To develop and maintain an anti-fraud and anti-corruption policy and strategy.
- 3.56 To maintain adequate and effective internal control arrangements.
- 3.57 To ensure that all suspected irregularities are reported to the Internal Audit Manager, the Chief Executive, the Monitoring Officer, Audit & Governance Committee and the Standards Committee as appropriate.

Responsibilities of the Corporate Leadership Team

- 3.58 To ensure that all suspected irregularities are reported to the Chief Financial Officer and the Internal Audit Manager.
- 3.59 To instigate the Council's disciplinary procedures where the outcome of an audit investigation indicates improper behaviour and warrants disciplinary action in consultation with the Corporate Head (Business Support).
- 3.60 To ensure that where financial impropriety is discovered, the Chief Financial Officer is informed, and where sufficient evidence exists to believe that a criminal offence may have been committed, the police are called in to determine with the Crown Prosecution Service whether any prosecution will take place. Such action to be discussed and agreed with the Chief Financial Officer.
- 3.61 To maintain a register of interests of staff and a register of gifts and hospitality (at this Council the register is maintained corporately by the Monitoring Officer).

Assets

Security

Why is this important?

- 3.62 *The Council holds assets in the form of property, vehicles, equipment, furniture and other items worth millions of pounds. It is important that assets are safeguarded and used efficiently in service delivery, and that there are arrangements for the security of both assets and information required for service operations. An up-to-date asset register is a prerequisite for proper fixed asset accounting and sound asset management.*

Key Controls

- 3.63 The key controls for the security of resources such as land, buildings, fixed plant machinery, equipment, software and information are:
 - (a) resources are used only for the purposes of the Council and are properly accounted for
 - (b) resources are available for use when required
 - (c) resources no longer required are disposed of in accordance with the law and the regulations of the Council so as to maximise benefits
 - (d) an asset register is maintained for the Council, assets are recorded when they are acquired by the Council and this record is updated as changes occur with respect to the location and condition of the asset
 - (e) all staff are aware of their responsibilities with regard to safeguarding the Council's assets and information, including the requirements of the Data Protection Act and software copyright legislation
 - (f) all staff are aware of their responsibilities with regard to safeguarding the security of the Council's computer systems, including maintaining restricted access to the information held on them and compliance with the Council's computer and internet security policies.

Responsibilities of the Chief Financial Officer

- 3.64 To ensure that an asset register is maintained in accordance with good practice for all fixed assets with a value in excess of £5,000. The function of the asset register is to provide the Council with information about fixed assets so that they are:
- ☐ safeguarded
 - ☐ used efficiently and effectively
 - ☐ adequately maintained.
- 3.65 To receive the information required for accounting, costing and financial records from each CLT officer.
- 3.66 To ensure that assets are valued in accordance with the CIPFA/LASAAC *Code of Practice on Local Authority Accounting in the United Kingdom*.

Responsibilities of the Corporate Leadership Team

- 3.67 The appropriate CLT officer (currently the Director of Services) shall maintain a property database in a form approved by the Chief Financial Officer for all properties, plant and machinery and moveable assets currently owned or used by the Council. Any use of property other than for direct service delivery should be supported by documentation identifying terms, responsibilities and duration of use.
- 3.68 To ensure that lessees and other prospective occupiers of Council land are not allowed to take possession or enter the land until a lease or agreement, in a form approved by the Monitoring Officer has been established as appropriate.
- 3.69 To ensure the proper security of all buildings and other assets under their control.
- 3.70 Where land or buildings are surplus to requirements, a recommendation for sale should be the subject of a report to the Policy Committee.
- 3.71 To pass title deeds to the Monitoring Officer who shall be responsible for their safe custody.
- 3.72 To ensure that no Council asset is subject to personal use by an employee without proper authority.
- 3.73 To ensure the safe custody of vehicles, equipment, furniture, stock, stores and other property belonging to the Council.
- 3.74 To ensure that the Service maintains a register of moveable assets in accordance with arrangements defined by the Chief Financial Officer.
- 3.75 To ensure that assets are identified, their location recorded and that they are appropriately marked and insured.
- 3.76 To consult the Chief Financial Officer and Internal Audit Manager in any case where security is thought to be defective or where it is considered that special security arrangements may be needed.
- 3.77 To ensure cash holdings on premises are kept to a minimum and in compliance with any provisions agreed with the Council's insurers.

Part 4 – Rules of Procedure

- 3.78 To ensure that keys to safes and similar receptacles are carried on the person of those responsible at all times and that any loss is reported.
- 3.79 To record all disposal or part exchange of assets that should normally be by competitive tender or public auction.
- 3.80 To arrange for the valuation of assets for accounting purposes to meet requirements specified by the Chief Financial Officer.
- 3.81 To ensure that all employees are aware that they have a personal responsibility with regard to the protection and confidentiality of information, whether held in manual or computerised records. Information may be sensitive or privileged, or may possess some intrinsic value, and its disclosure or loss could result in a cost to the Council in some way.

INVENTORIES

- 3.82 To maintain and keep up to date inventories and record an adequate description of furniture, fittings, equipment, plant and machinery.
- 3.83 To carry out, at least on an annual basis, a check of all items on the inventory in order to verify location, review condition and to take action in relation to surpluses or deficiencies, annotating the inventory accordingly. Attractive and portable items such as computers, cameras and video recorders should be identified with security markings as belonging to the Council.
- 3.84 To make sure that property is only used in the course of the Council's business, unless the CLT member concerned has given permission otherwise.

STOCKS AND STORES

- 3.85 To make arrangements for the care and custody of stocks and stores in their service area.
- 3.86 To ensure stocks are maintained at reasonable levels and are subject to a regular independent physical check. All discrepancies should be investigated and pursued to a satisfactory conclusion.
- 3.87 To investigate and remove from the Council's records (i.e. write off) discrepancies as necessary with the prior approval of the Chief Financial Officer unless Committee approval is required in which case the matter will be reported jointly by the Chief Financial Officer and the CLT member concerned.
- 3.88 In consultation with the Chief Financial Officer to identify for write-off or disposal redundant stocks and equipment. Procedures for disposal of such stocks and equipment should be by competitive quotations or auction, unless the Policy Committee decides otherwise in a particular case.
- 3.89 To seek the prior approval of the Chief Financial Officer to the write-off of redundant stocks and equipment valued up to £5,000 and the approval of the Policy Committee for items valued in excess of £5,000.

INTELLECTUAL PROPERTY

Why is this important?

- 3.90 *Intellectual property is a generic term that includes inventions and writing. If these are created by the employee during the course of employment, then, as a general rule, they belong to the employer, not the employee. Various Acts of Parliament cover different types of intellectual property.*
- 3.91 *Certain activities undertaken within the Council may give rise to items that may be patentable, for example, software development. These items are collectively known as intellectual property.*

Key Controls

- 3.92 In the event that the Council decides to become involved in the commercial exploitation of inventions, the matter should proceed in accordance with the Council's approved disposal procedures.

Responsibilities of the Information Services Manager

- 3.93 To develop and disseminate good practice in connection with the Council's intellectual property procedures.

Responsibilities of the Corporate Leadership Team

- 3.94 To ensure that controls are in place to ensure that staff do not carry out private work in Council time and that staff are aware of the employer's rights with regard to intellectual property.

ASSET DISPOSAL

Why is this important?

- 3.95 *It would be uneconomic and inefficient for the cost of assets to outweigh their benefits. Obsolete, non-repairable or unnecessary resources should be disposed of in accordance with the law and the regulations of the Council.*

Key Controls

- 3.96 Assets for disposal are identified and are disposed of at the most appropriate time, and only when it is in the best interests of the Council and, subject to legislative concessions, the best price is obtained, bearing in mind other factors, such as environmental issues. For items of significant value (+£5,000), disposal should be by competitive tender or public auction.
- 3.97 Procedures protect staff involved in the disposal from accusations of personal gain.

- 3.103 *Many millions of pounds pass through the Council's accounts each year. This led to the establishment by CIPFA of Codes of Practice on treasury management. A key aim of the Code is to provide assurances that the Council's money is properly managed in a way that balances risk with return, but with the overriding consideration being given to the security of the Council's capital sum.*

Responsibilities of the Corporate Leadership Team – Trust funds and Funds held for Third Parties

3.114 To arrange for all trust funds to be held, wherever possible, in the name of the Council. All officers acting as trustees by virtue of their official position shall deposit securities, etc relating to the trust with the Monitoring Officer unless the Deed of Trust otherwise provides.

- (h) on leaving the Council's employment or otherwise ceasing to be entitled to hold an imprest advance, an employee shall account to the Chief Financial Officer for the amount advanced to him or her.

Staffing

Why is this important?

3.122 *In order to provide the highest level of service, it is crucial that the Council recruits, develops and retains high calibre, knowledgeable staff, qualified to an appropriate level.*

Key Controls

3.123 The key controls for staffing are:

3.128 To ensure that the staffing budget is not exceeded without due authority and that it is managed to enable the agreed level of service to be provided.

3.129 To ensure that the Chief Financial Officer is informed when it is established that the Service staffing budget is likely to be materially over- or underspent.

Appendix D

Why is this important?

- 4.01 *Service areas have many systems and procedures relating to the control of the Council's assets, including purchasing, costing and management systems. They are increasingly reliant on computers for their financial management information. The information must therefore be accurate and the systems and procedures sound and well administered. They should contain controls to ensure that transactions are properly processed and errors detected promptly.*

Income and Expenditure

Income

Why is this important?

- 4.16 *Income can be a vulnerable asset and effective income collection systems are necessary to ensure that all income due is identified, collected, receipted and banked properly. It is preferable to obtain income in advance of supplying goods or services as this improves the Council's cashflow and also avoids the time and cost of administering debts.*

Key Controls

4.17 The key controls for income are:

- (a) all income due to the Council is identified and charged correctly, in accordance with an approved charging policy, which should be reviewed regularly
- (b) all income is collected from the correct person, at the right time, using the correct procedures and the appropriate stationery
- (c) all money received by an employee on behalf of the Council is paid without delay to the Chief Financial Officer or, as he or she directs, to the Council's bank or Girobank Account, and properly recorded. The responsibility for cash collection should be separated from that for identifying the amount due and that for reconciling the amount due to the amount received
- (d) effective action is taken to pursue non-payment within defined timescales
- (e) formal approval for debt write-off is obtained
- (f) appropriate write-off action is taken within defined timescales
- (g) appropriate accounting adjustments are made following write-off action
- (h) all appropriate income documents are retained and stored for the defined period in accordance with the document retention schedule
- (i) money collected and deposited is reconciled to the bank account by a person who is not involved in the collection or banking process.

Responsibilities of the Chief Financial Officer

- 4.18 To establish effective arrangements for the collection of all income due to the Council and to approve the procedures, systems and documentation for its collection.
- 4.19 To order and supply to departments all receipt forms, books or tickets and similar items and to satisfy himself or herself regarding the arrangements for their control.
- 4.20 To liaise with the relevant Strategic Manager in the identification of all sums proposed to be written off, and to adhere to the requirements of the Accounts and Audit Regulations 2003.
- 4.21 To write-off Council Tax, Non Domestic Rates and Miscellaneous Income debts, subject to first consulting the appropriate Ward Representative(s) on any debt exceeding £100 that is being considered for writing-off.
- 4.22 To report annually to Policy Committee on bad debts written off during the past year.
- 4.23 To ensure that appropriate accounting adjustments are made to effect the write-off.

Responsibilities of the Corporate Leadership Team

- 4.24 To establish a charging policy for the supply of goods or services, including the appropriate charging of VAT, and to review it regularly, in line with corporate policies.
- 4.25 To separate the responsibility for identifying amounts due and the responsibility for collection, as far as is practicable.

- 4.31 To ensure that income is paid fully and promptly into the Cashiers Section or the Council's Bank or Girobank account in the form in which it is received. Appropriate details should be recorded on paying-in slips to provide an audit trail. Money collected and deposited must be reconciled to the bank account on a regular basis. Only up to approved levels of cash should be held on the premises.
- 4.32 To ensure income is not used to cash personal cheques or other payments.
- 4.33 To supply the Chief Financial Officer with details relating to work done, goods supplied, services rendered or other amounts due, to enable the Chief Financial Officer to record correctly the sums due to the Council and to ensure accounts are sent out promptly. To do this, the CLT should use established performance management systems to monitor recovery of income and flag up areas of concern. The CLT have a responsibility to assist the effective collection of debts that they have originated, by providing any further information requested by the debtor, and in pursuing the matter on the Council's behalf.
- 4.34 To keep a record of every transfer of money between employees of the Council. The receiving officer must sign for the transfer and the transferor must retain a copy.
- 4.35 To recommend to the Chief Financial Officer all debts to be written off and to keep a record of all sums written off up to the approved limit. Once raised, no bona fide debt may be cancelled, except by full payment or by its formal writing off. A credit note to replace a debt can only be issued to correct a factual inaccuracy or administrative error in the calculation and/or billing of the original debt.
- 4.36 To notify the Chief Financial Officer of outstanding income relating to the previous financial year as soon as possible after 31 March in line with the timetable determined by the Chief Financial Officer as part of the annual close-down process of the Council's accounts.

ORDERING AND PAYING FOR WORK, GOODS AND SERVICES

Why is this important?

- 4.37 *Public money should be spent with demonstrable probity and in accordance with the Council's policies. Authorities have a statutory duty to achieve best value in part through economy and efficiency. The Council's procedures should help to ensure that services obtain value for money from their purchasing arrangements. These procedures should be read in conjunction with the Council's Contract Procedure Rules.*

General

- 4.38 Every officer and Member of the Council has a responsibility to declare any links or personal interests that they may have with purchasers, suppliers and/or contractors if they are engaged in contractual or purchasing decisions on behalf of the Council, in accordance with established Codes of Conduct (see also Contract Procedure Rule 4 – Interests of Officers in Contract Matters).
- 4.39 Official orders must be in a form approved by the Chief Financial Officer. Official orders must be issued for all work, goods or services to be supplied to the Council, except for supplies of utilities, periodic payments such as rent or rates, petty cash purchases or other exceptions specified by the Chief Financial Officer.
- 4.40 Official orders must not be raised for any personal or private purchases, nor must personal or private use be made of Council contracts.
- 4.41 Requests for payments for work, goods and services outside the normal payment schedules i.e. urgent payments must follow the same procedures.

Key Controls

- 4.41 The key controls for ordering and paying for work, goods and services are that:
- (a) all goods and services are ordered only by appropriate persons and are correctly recorded
 - (b) all goods and services shall be ordered in accordance with the Council's Contract Procedure Rules unless they are purchased from sources within the Council;
 - (c) goods and services received are checked to ensure they are in accordance with the order. Goods should not be received by the person who placed the order
 - (d) payments are not made unless goods have been received by the Council to the correct price, quantity and quality standards;
 - (e) the 'Purchase to Payment' system holds authorisation levels so that orders with a value greater than £50,000 are authorised for payment only by the relevant CLT member, or designated higher-authority substitute;
 - (f) payments are made only after the successful processing of a *bona fide* invoice which has been authorised through the Council's 'Purchase to Payment' system

 - (i) all appropriate evidence of the transaction and payment documents are retained and stored for the defined period, in accordance with the document retention schedule;
 - (j) all expenditure, including VAT, is accurately recorded against the right budget and any exceptions are corrected;
 - (k) in addition, the effect of e-business/e-commerce and electronic purchasing requires that processes are in place to maintain the security and integrity of data for transacting business electronically.

Responsibilities of the Chief Financial Officer

- 4.42 To ensure that all the Council's financial systems and associated procedures are sound and properly administered.
- 4.43 To ensure that all service managers arrange for the proper training of staff within their service area in the operation of the Council's financial systems and associated procedures.
- 4.44 To approve any changes to existing financial systems and to approve any new systems before they are introduced.
- 4.45 To approve the form of official orders and associated terms and conditions.
- 4.46 To approve all Direct Debit or Standing Order arrangements.
- 4.47 To make payments from the Council's funds on the CLT member (or duly authorised officer acting with delegated authority) authorisation that the expenditure has been duly incurred in accordance with Financial and Contract Procedure Rules.
- 4.48 To make payments, whether or not provision exists within the estimates, where the payment is specifically required by statute or is made under a court order.
- 4.49 To make payments to contractors on the authorisation of the CLT member, who must supply details of the value of work, retention money, amounts previously certified and amounts now certified.
- 4.50 To provide advice and encouragement on making payments by the most economical means.

- 4.53 To ensure that requisitions are only entered for goods and services provided to the service area. Individuals must not use the Council's purchasing system to obtain goods or services for their private use.
- 4.54 To determine which members of staff shall have the authority to raise a requisition, and which shall have the authority to access the 'Purchase to Payment' system in order to enter requisitions.
- 4.55 To maintain an up-to-date list of such authorised staff, including specimen signatures identifying in each case the limits of their authority. The authoriser of the requisition should be satisfied that the goods and services ordered are appropriate and needed, that there is adequate budgetary provision and that quotations or tenders have been

Part 4 – Rules of Procedure

obtained if necessary. Best value principles should underpin the Council's approach to procurement. Value for money should always be achieved.

- 4.56 To ensure that requisitions are coded to the budget line in the service budget.
- 4.57 To ensure that goods and services are checked on receipt and to verify that they are in accordance with the requisition. This check should, where possible, be carried out by a different officer from the person who authorised the order. Appropriate entries should then be made in inventories or stores records.
- 4.58 To ensure that payment is not made unless a proper VAT invoice has been received and checked confirming:
 - (a) receipt of goods or services
 - (b) that the invoice has not previously been paid
 - (c) that expenditure has been properly incurred and is within budget provision
 - (d) that prices and arithmetic are correct and accord with quotations, tenders, contracts or catalogue prices
 - (e) correct accounting treatment of tax
 - (f) that discounts have been taken where available
 - (g) that appropriate entries will be made in accounting records.

- 4.60 To ensure that invoices are passed to Financial Services for processing as promptly as possible.
- 4.61 To ensure that payment is authorised via the 'Workflow' control procedure incorporated into the 'Purchase to Payment' system.
- 4.62 To ensure that absences of staff authorised in accordance with 4.56 and 4.58 are covered by an appropriate substitute so as to maintain the unhindered flow of transaction processing.
- 4.63 To ensure that the service area maintains and reviews periodically a list of staff approved to authorise payment of invoices. Names of authorising officers together with specimen signatures and details of the limits of their authority shall be forwarded to the Chief Financial Officer.
- 4.64 To ensure that invoices received by electronic delivery (faxed or emailed) are not duplicates of any prior document, and that they are processed in accordance with these Financial Procedure Rules.
- 4.65 To encourage suppliers of goods and services to receive payment by the most economical means for the Council. It is essential, however, that payments made by direct debit have the prior approval of the Chief Financial Officer.
- 4.66 To ensure that the service area obtains best value from purchases by taking appropriate steps to obtain competitive prices for goods and services of the appropriate quality in line with best value principles and contained in Contract Procedure Rules.

Part 4 – Rules of Procedure

- 4.67 To utilise the tendering procedures established by the Council in putting purchases, where appropriate, out to competitive quotation or tender as set out in Contract Procedure Rules.
- 4.68 To ensure that employees are aware of the Code of Conduct for Local Government Employees.
- 4.69 To ensure that loans, leasing or rental arrangements are not entered into without prior agreement from the Chief Financial Officer. This is because of the potential impact on the Council's prudential limits, to protect the Council against entering into unapproved credit arrangements and to ensure that value for money is being obtained.
- 4.70 To notify the Chief Financial Officer of outstanding expenditure relating to the previous financial year as soon as possible after 31 March in line with the timetable determined by the Chief Financial Officer as part of the close-down of the Council's accounts.

- 4.73 To ensure that all appropriate payment records are retained and stored for the defined period, in accordance with the document retention schedule.

PAYMENTS TO EMPLOYEES AND MEMBERS

Why is this important?

- 4.74 *Staff costs form the largest item of expenditure for most Council services. It is therefore important that payments are accurate, timely, made only where they are due for services to the Council and that payments accord with individuals' conditions of employment. It is also important that all payments are accurately and completely recorded and accounted for and that Members' Allowances are authorised in accordance with the scheme adopted by the full Council.*

Key Controls

- 4.75 The key controls for payments to Employees and Members are:
 - (a) proper authorisation procedures are in place and that there is adherence to timetables in relation to the submission of information relating to:
 - ☐ starters

- 4.84 To ensure that payroll transactions (including those accruing taxable benefits to employees of the Council) are processed only through the payroll system. The CLT should give careful consideration to the employment status of individuals employed on a self-employed consultant or subcontract basis. The Inland Revenue applies a tight definition for employee status, and in cases of doubt, advice should be sought from Financial Services.
- 4.85 To certify travel and subsistence claims and other allowances. Certification is taken to mean that journeys were authorised and expenses properly and necessarily incurred, and that allowances are properly payable by the Council, ensuring that cost-effective use of travel arrangements is achieved. Under no circumstances should payment for travel and subsistence claims be paid using petty cash imprests.
- 4.86 To ensure that the Chief Financial Officer is notified of the details of any employee benefits in kind, to enable full and complete reporting within the income tax self-assessment system.
- 4.87 To ensure that all appropriate payroll documents are retained and stored for the defined period in accordance with the document retention schedule.

Responsibilities of Members

- 4.88 To submit claims for travel and subsistence and children / dependent carer allowances (where these form part of the approved scheme of allowances) to the Chief Financial Officer on a monthly basis and, in any event, within one month of the year end.

Taxation

Why is this important?

- 4.89 *Like all organisations, the Council is responsible for ensuring its tax affairs are in order. Tax issues are often very complex and the penalties for incorrectly accounting for tax are severe. It is therefore very important for all officers to be aware of their role.*

Key Controls

- 4.90 The key controls for taxation are:
- (a) budget managers are provided with relevant information and kept up to date on tax issues
 - (b) budget managers are instructed on required record keeping
 - (c) all taxable transactions are identified, properly carried out and accounted for within stipulated timescales

Trading Accounts and Business Units

Why is this important?

Part 4 – Rules of Procedure

Responsibilities of the Chief Financial Officer

Responsibilities of the Corporate Leadership Team

- 4.100 To observe any statutory requirements in relation to trading/business units, including the maintenance of a separate revenue account to which all relevant income is credited and all relevant expenditure, including overhead costs, is charged, and to produce an annual report in support of the final accounts.
- 4.101 To ensure that the same accounting principles are applied in relation to trading accounts as for other services or business units.
- 4.102 To ensure that each trading/business unit prepares an annual budget and associated service/business plan.

Appendix E

EXTERNAL ARRANGEMENTS

PARTNERSHIPS

Why is this important?

- 5.01 *Partnerships play a key role in delivering community strategies and in helping to promote and improve the well-being of the area. Local authorities are working in partnership with others – public agencies, private companies, community groups and voluntary organisations. Local authorities still deliver some services, but their distinctive leadership role is to bring together the contributions of the various stakeholders. They therefore need to deliver a shared vision of services based on user wishes.*
- 5.02 *Local authorities will mobilise investment, bid for funds, champion the needs of their areas and harness the energies of local people and community organisations. Local authorities will be measured by what they achieve in partnership with others.*

General

- 5.03 The main reasons for entering into a partnership are:
- (a) the desire to find new ways to share risk
 - (b) the ability to access new resources
 - (c) to provide new and better ways of delivering services
 - (d) to forge new relationships.
- 5.04 A partner is defined as either:

 - (e) to hold confidentially any information received as a result of partnership activities or duties that is of a confidential or commercially sensitive nature
 - (f) to act wherever possible as ambassadors for the project.

Key Controls

- 5.07 The key controls for the Council's partners are:
- (a) if appropriate, to be aware of and to comply with their responsibilities under these Financial Procedure Rules and Contract Procedure Rules

- (b) to ensure that risk management processes are in place to identify and assess all known risks
- (c) to ensure that project appraisal processes are in place to assess the viability of the project in terms of resources, staffing and expertise
- (d) to agree and accept formally the roles and responsibilities of each of the partners involved in the project before the project commences
- (e) to communicate regularly with other partners throughout the project so that problems can be identified and shared to achieve their successful resolution.

Responsibilities of the Chief Financial Officer

- 5.08 To advise on effective controls that will ensure that resources are used effectively.
- 5.09 To advise on the key elements of funding a project. They include:
- (a) a scheme appraisal for financial viability in both the current and future years
 - (b) risk appraisal and management
 - (c) resourcing, including taxation issues
 - (d) audit, security and control requirements

Responsibilities of the Corporate Leadership Team

- 5.11 To maintain a record of all contracts entered into with external bodies in accordance with procedures specified by the Chief Financial Officer
- 5.12 To ensure that, before entering into agreements with external bodies, a risk management appraisal has been prepared for the Chief Financial Officer and Committee as appropriate.
- 5.13 To ensure that such agreements and arrangements do not impact adversely upon the services provided by the Council.
- 5.14 To ensure that all agreements and arrangements are properly documented.
- 5.15 To provide appropriate information to the Chief Financial Officer to enable a note to be entered into the Council's Statement of Accounts concerning material items.

Accountable Body Status

Why is this important?

- 5.16 There will be occasions when the Council may be required to act in the capacity of Accountable Body. This may be as a result of a request by an external organisation to act on its behalf as the Accountable Body for a particular partnership or project. Likewise,
- 5.17 Accountable Body status in this instance is defined as:

'The Council having responsibility for the overall financial management, accountability and legal responsibility for the income, expenditure and governance arrangements of a specific project or partnership (whether formally constituted or not)'

Key Controls

5.18 Key controls for the Council are:-

Responsibilities for the Chief Financial Officer

5.19 To maintain a record of all bodies for which the Council is Accountable Body;

5.20 In relation to each project for which the Council is Accountable Body:-

- (a) To establish and maintain proper accounting records;
- (b) In accordance with proper accounting practice, produce annual financial statements of the income and expenditure of each project.

5.21 In consultation with the Monitoring Officer, Lead Members and Local Ward representatives, and following a request from the relevant Strategic Manager, to appoint the Council as Accountable Body for specific projects or partnerships where the total maximum value of the project/partnership does not exceed £100,000.

Responsibilities of the Corporate Leadership Team

5.22 To seek the authority of the Chief Financial Officer to appoint the Council as Accountable Body for specific projects or partnerships where the total maximum value of the project/partnership does not exceed £100,000;

5.23 For specific projects or partnerships where the total maximum value of the project/partnership exceeds £100,000, to prepare and submit reports to the Policy Committee seeking approval for the Council to act as Accountable Body for a project/partnership.

External Funding

Why is this important?

5.24 *External funding is potentially a very important source of income, but funding conditions need to be carefully considered to ensure that they are compatible with the aims and objectives of the Council. Local authorities are increasingly encouraged to provide seamless service delivery through working closely with other agencies and private service providers. Funds from external agencies such as the National Lottery and the Single Pot provide additional resources to enable the Council to deliver services to the local community. However, in some instances, although the scope for external funding has increased, such funding is linked to tight specifications and may not be flexible enough to link to the Council's overall plan.*

Key Controls

5.25 The key controls for external funding are:

- (a) to ensure that key conditions of funding and any statutory requirements are complied with and that the responsibilities of the accountable body are clearly understood;
- (b) to ensure that funds are acquired only to meet the priorities approved in the policy framework by the full Council;

- (c) to ensure that any match-funding requirements are given due consideration prior to entering into long-term agreements and that future revenue budgets reflect these requirements.

Responsibilities of the Chief Financial Officer

- 5.26 To ensure that all funding notified by external bodies is received and properly recorded in the Council's accounts.
- 5.27 To ensure that the match-funding requirements and any revenue implications are considered prior to entering into the agreements.
- 5.28 To ensure that audit requirements are met.

Responsibilities of the Corporate Leadership Team

- 5.29 To ensure that all claims for funds are made by the due date.
- 5.30 To ensure that the project progresses in accordance with the agreed project and that all expenditure is properly incurred and recorded.

Work for Third Parties

Why is this important?

- 5.31 *Current legislation enables the Council to provide a range of services to other bodies. Such work may enable a unit to maintain economies of scale and existing expertise. Arrangements should be in place to ensure that any risks associated with this work are minimised and that such work is intra vires (within the Council's legal powers to do it).*

Key Controls

- 5.32 The key controls for working with third parties are:
 - (a) to ensure that proposals are costed properly in accordance with guidance provided by the Chief Financial Officer;
 - (b) to ensure that contracts are drawn up and that the formal approvals process is adhered to;
 - (c) to issue guidance with regard to the financial aspects of third party contracts.

Responsibilities of Chief Financial Officer

- 5.33 To issue guidance with regard to the financial aspects of third party contracts and the maintenance of the contract register.

Responsibilities of the Corporate Leadership Team

- 5.34 To ensure that the approval of the relevant Standing Committee is obtained before any negotiations are concluded to work for third parties.
- 5.35 To maintain a register of all contracts entered into with third parties in accordance with procedures specified by the Chief Financial Officer.
- 5.36 To ensure that appropriate insurance arrangements are made.

Part 4 – Rules of Procedure

- 5.37 To ensure that the Council is not put at risk from any bad debts.
- 5.38 To ensure that no contract is subsidised by the Council.
- 5.39 To ensure that, wherever possible, payment is received in advance of the delivery of the service.
- 5.40 To ensure that the service area has the appropriate expertise to undertake the contract.
- 5.41 To ensure that such contracts do not impact adversely upon the services provided for the Council.
- 5.42 To ensure that all contracts are properly documented.
- 5.43 To provide appropriate information to the Chief Financial Officer to enable a note to be entered into the Statement of Accounts.

CPR 2 SCOPE AND APPLICATION

2.1 These Procedure Rules shall apply to any Contract, with the exceptions listed in CPR 2.2, and also to the nomination of sub-contracts under any such Contract (whether in each case the Council is contracting or nominating on its own behalf or wholly or partly on behalf of others).

2.2 These Procedure Rules do not apply to transactions of the following types save for CPR3 which applies to (d) and (i).

- a) Purchases or sales by auction or at public fairs or markets;
- b) Contracts for the sale or purchase of land;
- c) Contracts for the engagement of Counsel, or for the engagement of external Solicitors to represent the Council in specified legal proceedings;

- i) Contracts entered into through collaboration with other local authorities or other public bodies, where a competitive process has been followed that complies with the contract procedure rules of the Lead Authority. However, advice must be obtained from the Solicitor to the Council and Monitoring Officer or the Chief Financial Officer as appropriate.

2.3 All employees of the Council and firms/advisors employed to act in any capacity to manage or supervise a Contract must comply with these Procedure Rules and with the Council's Financial Procedure Rules and Chief Officers and the Responsible Officer must ensure such compliance in the contracting area for which he/she is responsible.

CPR 3 COLLABORATIVE ARRANGMENTS AND USE OF FRAMEWORK AGREEMENTS

Where appropriate before the invitation of tenders and quotations, the Responsible Officer must first consider whether it is possible to use a partnership contract or a framework agreement for purchasing the time and costs of undertaking a competitive

Craven District Council

process can be significant. Where the estimated value of the proposed contract is above the relevant EU financial threshold, officers must ensure that the requirements of the EU Procurement Regime have been met by the Lead Authority.

- 3.2 The term of a framework agreement should normally not exceed four years. However, a longer term may be granted in exceptional circumstances. The framework can be a single provider or multi provider. In the case of multi provider there must be an intention to appoint at least three suppliers.
- 3.3 Contracts based on Framework Agreements may be awarded by either:
- Applying the terms laid down in the Framework Agreement (where such terms are sufficiently precise to cover the particular call-off) without re-opening competition, or
 - Where the terms laid down in the Framework Agreement are not precise enough or complete for the particular call-off, by holding a mini competition in accordance with the following procedure:
 - Inviting the organisations within the Framework Agreement, that are capable of executing the subject of the contract, to submit written tenders in accordance with these Contract Procedure Rules
 - Fixing a time limit which is sufficiently long to allow tenders for each
 - specific contract to be submitted, taking into account factors such as the
 - complexity of the subject matter
 - awarding each contract to the tenderer who has submitted the best tender on the basis of the award criteria set out in the specifications of the Framework Agreement

CPR 4 DUTIES OF THE RESPONSIBLE OFFICER

- 4.1 The Responsible Officer for each Contract will be appointed by the appropriate Manager of the Service in default of which that Manager will be the Responsible Officer

The Responsible Officer will always:

- (d) do nothing that contravenes EU or domestic law;
- (e) ensure that all procurement is undertaken in a non-discriminatory way and promotes equality of opportunity, and
- (f) Ensure that adequate Contract files are kept for all Contracts upon which the Council is engaged and that the name of the Responsible Officer is entered in a prominent place in each Contract file.
- (g) Ensure that the appropriate approval and budgetary provision is in place and evidenced on the Contract file.
- (h) That any proposed contractor has the technical capability to deliver the project

- (k) Any agents, consultants, and contractual partner acting on behalf of the Council's behalf follow a process which provides for equivalent competition to these rules

That he takes all necessary legal, financial and professional advice.

4.2 Steps Prior to Procurement

Prior to procuring goods or services officers must:

- (l) take into account the requirements arising from any Best Value review
- (m) ascertain whether a contractual arrangement is already in place or central purchasing arrangements exist or are being contemplated
- (n) appraise the need for the expenditure and its purpose
- (o) define the objectives of the purchase
- (p) assess the risks associated with the procurement and determine how to manage them
- (q) ascertain whether the service can be undertaken in-house from within the Council's own resources
- (r) consider what procurement method is most likely to achieve the purchasing objectives, including using a framework agreement, consortium, collaboration with other purchases, partnering and long term relationships
- (s) prepare a specification and consider any European or British Standards that may need to be applied
- (t) identify any approvals that may be required
- (u) estimate the value and record how that estimate was arrived at
- (v) determine how many tenders or quotations will be evaluated
- (w) identify whether a standard form of contract which has been approved by Legal Services for the proposed procurement exists, and should be specified when inviting quotations or tenders

CPR 5 COMPLIANCE WITH CONTRACT PROCEDURE RULES AND LEGISLATION

- 5.1 Every Contract made by the Council or on its behalf shall comply with the European Community Treaty and all relevant European Union and domestic legislation, these Contract Procedure Rules and Codes of Practice and the Council's Financial Procedure Rules subject to the following provision.
Arrangements made to meet the requirements of any present or future domestic legislation or EU Directive shall take precedence over any provision of these Contract Procedure Rules. For specific rules relating to EU tendering the EU Procurement Guidance for Employees at Appendix 1 must be followed.
- 5.2 The Responsible Officer will inform the Chief Financial Officer of any deviation in or non-compliance with any of the Contract Procedural Rules or EU legislation as soon as possible after having been made aware of them and any other Officer of the Council must immediately inform the Responsible Officer of any such deviation or non-compliance of which he/she is aware

CPR 6 EXEMPTIONS FROM CONTRACT PROCEDURE RULES

- 6.1 Exemptions from the requirements of these Contract Procedure Rules are to be the exception and not the rule. They must not be granted as a matter of administrative convenience and must be supported by documented and evidenced reasons as to the legitimate need for the exemption to be granted.
- 6.2 When an exemption is sought from tendering or the requirement to obtain written quotations, the Responsible Officer will need to justify the use of an alternative method of selection so that propriety, value for money and compliance with EU and domestic legislation can be demonstrated. It will also include reasons such as:

Craven District Council

- (a) that only one Provider is able to carry out the work or service or to supply the goods for technical or artistic reasons or because of exclusive or proprietary rights;
- (b) that time limits required for tendering cannot be met for reasons of extreme urgency and which (in EU cases) were unforeseen and not attributable to the Council;
- (c) that additional goods, works or services are required which, through unforeseen circumstances, were not included in the original contract and which are either strictly necessary for the completion of the Contract or, for technical or economic reasons, cannot be carried out separately without great inconvenience/additional costs;
- (d) That goods are required as a partial replacement for or in addition to existing goods or installations and obtaining them from another Provider would result in incompatibility or disproportionate technical difficulties in operation or maintenance.
- (e) That where the technical characteristics of the goods are only compatible with an existing supply or installation, such that procurement of another product other than one available from the original contractor would result in
 - disproportionate technical difficulties
 - diseconomy
 - significant disruption to the delivery of Council services.
 - incompatibility

6.3 The Responsible Officer must keep a written record justifying any exemption(s) under paragraph (a) to (e) above. The Responsible Officer must complete the appropriate exemption form and seek the prior approval of the Chief Financial Officer and the Solicitor to the Council & Monitoring Officer. Once the exemption has been approved and signed off, the Responsible Officer must submit a copy to the Procurement, Payments and Risk Manager who will keep a central record of all exemptions granted.

6.4 Exemption (on grounds other than 6.3 (a) to (e)) from any of the following provisions of these Procedure Rules may be made only by the direction of the Audit & Governance Committee where such Committee is satisfied that the exemption is justified in special circumstances.

6.5 No exemption may be granted:

- (a) which would result in a breach of European or UK law;
- (b) from CPR 17 (Acceptance of Tenders) unless on grounds of extreme urgency (e.g. during civil emergency); from CPR 20 (Form of Contract); or from CPR 7.9 and CPR 7.19 (Execution of Contracts).

6.6 The use of eProcurement technology does not negate the requirement to comply with these Contract Procurement Rules

6.7 Exemptions granted under section 6.3 will be reported to Audit & Governance Committee on a 6 monthly basis by the Chief Financial Officer.

CPR 7 REQUIREMENT TO OBTAIN QUOTATIONS OR TENDERS

General Rules applying to Contracts valued at £50,000 or less

7.1 Contracts or sub-contracts valued at £50,000 or less need not be tendered (unless required by EU law) PROVIDED that such contracts are effected in compliance with the Council's Financial Procedure Rules and all appropriate internal controls.

Craven District Council

- 7.2 An official order shall be placed under a Corporate or Departmental Contract using the Council's approved Order Form and will be issued by authorised officers. A list of authorised officers will be submitted by each Head of Service to the Responsible Officer on an annual basis.
- 7.3 A Contract/or sub contract made under CPR 7.2 where the estimated value is:
- (a) £5,000 or less may be made without written competitive quotations as long as the contract is not part of a larger contract and the responsible officer maintains a written record of any quote received;
 - (c) Over £5,000 but not exceeding £30,000 may be made after obtaining two written competitive quotations as long as the Contract is not part of a larger Contract;
 - (d) Over £30,000 but not exceeding £50,000 may be made after obtaining at least three written quotations;
 - (e) Over £50,000 must go out to tender
- 7.4 Under no circumstances should Contracts be broken down in size so as to have the effect of lowering the Contract value or to avoid the requirements for tendering or the need for written quotations.

Who Can Award the Contract?

- 7.5 Contracts and/or extensions of contracts (**provided they are not materially different in character from the original contract**) with a quoted value of £50,000 or less may be awarded on behalf of the Council by the Responsible Officer to the Provider who offers the lowest price or whose offer is considered by the Responsible Officer to be the most economically advantageous to the Council. (for avoidance of doubt extensions of existing contracts can only awarded if the extension period was included within the original tender documentation as an option to extend).
- 7.6 Where the relevant number of quotations has been sought, but fewer quotations have been obtained, the Responsible Officer may award the contract provided they are reasonably satisfied that they have achieved best value for the Council. The responsible officer should seek agreement to award from immediate Line Manager for further assurance.
- 7.7 In all cases, except where it is impracticable for reasons of extreme urgency, confirmation of the Provider's terms of business (usually a written quotation) shall be obtained before an order is placed. No order will be placed for work, goods or services unless it is first ascertained that the cost is covered by an approved budget or by special financial provision.
- 7.8 Contracts with a value of less than £50,000 may be signed by the relevant Chief Officer or the Responsible Officer.
- 7.9 The Responsible Officer shall record the Providers approached, their responses, and details of any quotations provided, the subject matter of the quotation, the name of the Provider, the time and date of the quotation and details of the price offered and any other trading terms.

General Rules applying to Contracts valued at more than £50,000

- 7.10 All contracts or sub contracts with an estimated value over £50,000 must be put out to tender unless exempted in accordance with CPR 6 or awarded by way of extension to an initial Contract for works in accordance with CPR 7.12

Craven District Council

- 7.11 At least 21 days' public notice must be given in one or more of the local newspapers and in such trade journals as the Responsible Officer shall consider desirable, stating the nature and purpose of the Contract, inviting tenders and stating the last date when tenders will be received; In the case of an EU tender, the Responsible Officer will have the discretion to decide whether to advertise locally in addition to placing a contract notice in the OJEU. Any local advert must not contain any more information than the information in the OJEU notice.

Who Can Award the Contract?

- 7.12 Contracts and/or extensions of contracts (**provided they are not materially different from the original contract**) with a quoted value in excess of £50,000 may be awarded on behalf of the Council by the Responsible Officer, in consultation with the Council Leadership Team, to the Provider who offers the lowest price or whose offer is considered by the Responsible Officer to be the most economically advantageous to the Council, provided, in both cases, the price quoted is within the budgetary limits approved by the Council or Committee appointed for that purpose.
- 7.13 No contract or extension of contract with a quoted value in excess of £50,000 shall be awarded until the Chief Financial Officer has checked the Provider's financial standing and provided written confirmation that this is satisfactory for the Contract to be undertaken.
- 7.14 The Responsible Officer will ensure that details of all Contract awards exceeding £50,000 are notified to the Chief Financial Officer and entered in the Council's Contracts Register. Such notification must also include evidence of budget approval.
- 7.15 Details of all contract awards exceeding £100,000. Must be reported to the appropriate committee as soon as practicable.
- 7.16 Every Contract which exceeds £50,000 in value shall either be signed for and on behalf of the Council by the Solicitor to the Council and Monitoring Officer or be executed as a deed.

CPR 8 AWARD OF CONTRACTS WITHOUT TENDERING

- 8.1 A contract may only be awarded without tendering in the following circumstances

- Where a relevant exemption from the Contract Procedure Rules applies under section 6.
- Where a Contract for the execution of work, forms part of a serial programme the terms having been settled with the Contractor on the basis of the application of a stated addition or deduction to the rates and prices contained in an initial Contract awarded competitively following an invitation to tender in accordance with contract procedure rules subject to a maximum extension under this Rule not exceeding 100% of the original Contract value or £90,000 whichever is the lower.
- Where the supply of goods, services, purchase of goods or provision of information technology or execution of work is such that an existing in-house contract could be reasonably extended to include it then the in-house contractor can be awarded the work. The Responsible Officer shall ascertain whether the relevant department wishes to submit a quotation in addition to those invited under the preceding provisions.

CPR 9 ESTIMATES OF CONTRACT VALUE

9.1 Before inviting tenders for the execution of any work or for the provision of any goods or services the relevant Responsible Officer shall record an estimate in writing of the likely expense of executing the work, or the provision of goods or services in a suitable manner.

CPR 10 PRE-TENDER/QUOTATION ENQUIRIES

10.1 Enquiries of Providers may be made before tenders or quotations are invited in order to:

- (a) establish whether the goods, works or services the Council wishes to purchase are available and within what price range;
- (b) prepare tender documents, price estimates and contract documents;
- (c) establish whether particular Providers wish to be invited to tender or quote.

10.2 In making enquiries:

- (a) no information will be disclosed to one Provider which is not then disclosed to all those of which enquiries are made or which are subsequently invited to tender or quote;
- (b) no Provider will be led to believe that the information they offer will necessarily lead to them being invited to tender or quote or be awarded the Contract.

CPR 11 TENDER INVITATION

11.1 When tenders are invited following public advertisement Contract documents will be sent within five working days of request provided any specified fee has been paid. The Responsible Officer will ensure that copies of all Invitations to Tender documents are retained on the relevant Project file.

11.2 When tenders are invited for an EU Contract, Providers will be given at least 40 days to return tenders unless:

- (a) a Prior Information Notice has been published in the Official Journal of the European Union in which case only 26 days need be given; or
- (b) by reasons of urgency the time limit cannot be complied with when at least 10 days must be given and justification for the reduction recorded.

Note: The Appendix provides a guide to EU procedural requirements – the position can change and officers are advised to consult with either Legal Services or Financial Services

11.3 Reasonable requests for further information relating to the Contract documents will be granted provided the request enables the Council to supply the information not less than six days (or four days in cases of emergency) before the date specified for receipt of tenders. Information supplied to one Provider will be shared with all Providers unless in the opinion of the Responsible Officer and following consultation with the Solicitor to the Council and Monitoring Officer there are appropriate grounds for not doing so.

11.4 Every invitation to tender submitted in hard copy will state that a tender will only be considered if it is:

- (a) addressed to the Solicitor to the Council & Monitoring Officer in a plain sealed envelope or package which shall bear the word "Tender" followed by the subject to which it relates, but shall not bear any name or mark indicating the sender;

Craven District Council

- (b) accompanied by an undertaking which shall become a condition of the Contract that the amount of the tender has not been calculated by agreement or arrangement with any person other than the Council and that the amount of the tender has not been communicated to any person other than the Council and will not be communicated to any person until after the closing date for the submission of tenders (except for the purposes of obtaining any bond/surety where this is a requirement of the proposed Contract).

11.5 Where an electronic tendering system is available an Invitation to Tender may be submitted by electronic means provided prior written approval of the Responsible Officer has been given. Specific instructions/procedures relating to electronic tendering will apply and should be followed. You should consult with the Procurement Manager.

CPR 12 RECEIPT OF TENDERS

- 12.1 All Tender envelopes and packages must be delivered to the Solicitor to the Council & Monitoring Officer or his duly authorised representative at the Council's Main Office and immediately on receipt will be consecutively numbered. And marked with the date and time of receipt. The envelope and/or package will then be retained in the custody of the Solicitor to the Council & Monitoring Officer or his duly authorised representative until the time appointed for the opening.
- 12.2 Any tender received after the date and time indicated for the receipt of tenders shall not be considered unless in the opinion of the Solicitor to the Council and Monitoring Officer there is clear evidence that the tender was posted or hand delivered or, if previously approved as above, despatched by electronic means before the date and time for receipt of tenders has passed in which case the Solicitor to the Council and Monitoring Officer will have discretion to admit the tender to opening and consideration. Subject to this exception, tenders which are received late shall be retained unopened by the Solicitor to the Council and Monitoring Officer until after the result of the tendering process has been published to tenderers.

CPR 13 OPENING OF TENDERS

- 13.1 All tenders with an estimated value in excess of £50,000 will be opened by the Responsible Officer or his/her nominated representative in the presence of a Chief Officer, or his/her nominated representative, and the Solicitor to the Council & Monitoring Officer or his/her nominated representative.
- 13.2 All tenders will be opened at the same time and place and shall be immediately signed and dated by the Officers required to be present in accordance with CPR 13.1 above.
- 13.3 The Solicitor to the Council & Monitoring Officer, or his/her nominated representative, will, at the time the tenders are opened, record in the Schedule of Tenders provided for that purpose:-

CRAVEN DISTRICT COUNCIL

CODE OF CONDUCT

Introduction

Pursuant to Section 27 of the Localism Act 2011, Craven District Council as relevant authority ("the Council") has adopted this Code of Conduct to promote and maintain high standards of behaviour by its members and co-opted members whenever they conduct the business of the Council, including the business of the office to which they were elected or appointed, or when they claim to act or give the impression of acting as a representative of the Council.

This Code of Conduct is based on the principles of selflessness, integrity, objectivity, accountability, openness, honesty and leadership. **These principles are described in detail in Appendix C to this code.**

Definitions

For the purposes of this Code, a 'co-opted member' is a person who is not a member of the Council but who is either a member of any committee or sub-committee of the Council, or a member of, and represents the Council on any joint committee or joint sub-committee of the Council, and who is entitled to vote on any question that falls to be decided at any meeting of that committee or sub-committee.

For the purposes of this Code, a 'meeting' is a meeting of the Council, any of its committees, sub-committees, joint committees or joint sub-committees.

For the purposes of this Code, and unless otherwise expressed, a reference to a member of the Council includes a co-opted member of the Council.

Member obligations

When a member of the Council acts, claims to act or gives the impression of acting as a representative of the Council, they have the following obligations:

1. They shall behave in such a way that a reasonable person would regard as respectful.
2. They shall not act in a way which a reasonable person would regard as bullying or harassing.
3. They shall promote equalities and not discriminate unlawfully against any person.
4. They shall not seek to improperly confer an advantage or disadvantage on any person.
5. They shall use the resources of the Council in accordance with its requirements.

6. They shall not disclose information which is confidential or where disclosure is prohibited by law.
7. They shall not compromise or attempt to compromise the impartiality of anyone who works or exercises powers for the Council.

9. Upon the re-election of a member or the re-appointment of a co-opted member, they shall within 28 days re-register with the Monitoring Officer any interests in Appendices A and B.
10. A member shall register with the Monitoring Officer any change to interests or new interests in Appendices A and B within 28 days of becoming aware of it.
11. A member need only declare the existence but not the details of any interest which the Monitoring Officer agrees is a 'sensitive interest'. A sensitive interest is one which, if disclosed on a public register, could lead the member or a person connected with the member to be subject to violence or intimidation.

Declaration of interests at meetings

12. Where a matter arises at a meeting which relates to an interest in Appendix A the member must leave the room and shall not participate in a discussion or vote on the matter. They only have to declare what the interest is if it is not already entered in the member's register of interests or if they have not notified the Monitoring Officer of it.
13. Where a matter arises at a meeting which relates to an interest in Appendix A which is a sensitive interest, the member must leave the room and shall not participate in a discussion or vote on the matter. If it is a sensitive interest which has not already been disclosed to the Monitoring Officer, the member shall disclose they have an interest but not the nature of it.
14. Where a matter arises at a meeting which relates to an interest in Appendix B, the member must move to the public gallery and shall not vote on the matter. They may speak on the matter only if members of the public are also allowed to speak at the meeting.

15. A member *shall disclose the nature of* their interest in Appendix B *even if* it is already entered in their register of interests or they have not notified the Monitoring Officer of it or if they speak on the matter. If they hold an interest in Appendix B which is a sensitive interest not already disclosed to the Monitoring Officer, they shall declare the interest but not the nature of the interest.
16. Where a matter arises at a meeting which relates to a financial interest of the member, a friend, relative or close associate (other than an interest in Appendix A), the member shall disclose the nature of the interest. The member must move to the public gallery and shall not vote on the matter. They may speak on the matter only if members of the public are also allowed to speak at the meeting. If it is a 'sensitive interest' the member shall declare the interest but not the nature of the interest.

Complying with the Code of Conduct

17. A member shall cooperate with any Code of Conduct investigation [and/or determination] and not intimidate or attempt to intimidate any person who is likely to be involved with any investigation or proceedings.

Dispensations

18. On a written request made to the Council's Proper Officer (the Monitoring Officer), the Council may grant a member a dispensation to participate in a discussion and vote on a matter at a meeting even if the member has an Appendix A or Appendix B interest ('an interest' for the purpose of paragraphs 16-18).

A dispensation may be granted on one or more of the following grounds¹².

- a) That so many members of the Council have an interest in a matter that it would impede the transaction of the business (i.e. it would otherwise be inquorate);
- b) That, without the dispensation, the representation of different political groups on the Council would be so upset as to alter the outcome of any vote on the matter;
- c) That the Council considers that the dispensation is in the interests of persons living in the Council's area;
- e) That the Council considers it otherwise appropriate to grant a dispensation.

19. In deciding whether to grant a dispensation, the appropriate political proportionality of the meeting, the interests of persons living in the Council's area and the interests of justice generally will be considered.

¹ Section 33, Localism Act 2011.

² Ground (d) refers to 'the Cabinet/Executive' and therefore does not currently apply to the Council.

20. Requests for dispensation on grounds (a) and (b) may be determined by the Monitoring Officer in consultation with the Independent Person³.

Selflessness	Holders of public office should act solely in terms of the public interest.
Integrity	Holders of public office must avoid placing themselves under any obligation to people or organisations that might try inappropriately to influence them in their work. They should not act or take decisions in order to gain financial or other material benefits for themselves, their family, or their friends. They must declare and resolve any interests and relationships.
Objectivity	Holders of public office must act and take decisions impartially, fairly and on merit, using the best evidence and without discrimination or bias.
Accountability	Holders of public office are accountable to the public for their decisions and actions and must submit themselves to the scrutiny necessary to ensure this.
Openness	Holders of public office should act and take decisions in an open and transparent manner. Information should not be withheld from the public unless there are clear and lawful reasons for so doing.
Honesty	Holders of public office should be truthful.
Leadership	Holders of public office should exhibit these principles in their own behaviour. They should actively promote and robustly support the principles and be willing to challenge poor behaviour wherever it occurs.

OFFICERS' CODE OF CONDUCT

1. Introduction

The public is entitled to expect the highest standards of conduct from all those who represent Craven District Council.

This Code of Conduct provides guidance to assist the Council and its officers in their day to day work. It is aimed at ensuring that officers are aware of the standards of behaviour expected of them by the Council.

2. Scope

This Code of Conduct applies to all Council employees, apprentices and casual workers (collectively known as officers). Volunteers, agency workers and others who work, whether paid or unpaid, for and on behalf of the Council are expected to comply with this Code.

Failure to observe the standards set out in this Code will be regarded as serious and any breach will be managed in accordance with Council Policies and Procedures.

The Code is supplemented by professional guidance regarding standards of conduct in particular areas of work.

3 Standards

This Code of Conduct reflects the key principles of public life identified by the Committee of Standards in Public Life (The Nolan Principles). Officers must act in accordance with these principles as set out below and observe the following rules of behaviour:

Principle 1 -Selflessness

Officers should act solely in terms of the public interest.

Principle 2 - Integrity

Officers must avoid placing themselves under any obligation to people or organisations that might try inappropriately to influence them in their work. Officers should not act or take decisions in order to gain financial or other material benefits for themselves, their family, or their friends. Officers must declare and resolve any interests and relationships.

Principle 3 - Objectivity

Officers must act and take decisions impartially, fairly and on merit, using the best evidence and without discrimination or bias.

Principle 4- Accountability

Officers are accountable to the public for their decisions and actions and must submit themselves to the scrutiny necessary to ensure this.

Principle 5 -Openness

Officers should act and take decisions in an open and transparent manner. Information should not be withheld from the public unless there are clear and lawful reasons for so doing.

Principle 6 - Honesty

Officers should be truthful.

Principle 7 - Leadership

Officers should exhibit these principles in their own behaviour. They should actively promote and robustly support the principles and be willing to challenge poor behaviour wherever it occurs.

Officers of the Council are expected to give the highest possible standard of conduct in their service to the public, and where it is part of their duties to provide appropriate advice to Members and fellow officers, to do so with impartiality.

Officers will be expected to bring to the attention of an appropriate manager any deficiency in levels of conduct.

4 Disclosure of information

The law requires that certain types of information must be available to Members, auditors, government departments, service users and the public. The Council is also required by law to keep certain information confidential. The Council may decide in some circumstances to make certain information available to the public for example, under Transparency arrangements or in accordance with the Freedom of Information Act. It is important for officers to be aware of which information the Council properly and lawfully considers confidential and to maintain its confidentiality.

Officers should not use information obtained in the course of their employment for personal gain or benefit, nor should they pass it on to third parties. Any information received by an officer in the course of his or her employment should only be used for the purpose for which it was given or collected and should not be divulged unless the circumstances for disclosure have been specified in advance or where disclosure is required or sanctioned by law.

Any particular information received by an officer from a Member which is personal to that Member and does not belong to the Council should not be divulged by the officer without the prior and explicit consent of the Member, except where such disclosure is required or sanctioned by law.

All officers must comply with the provisions of the Data Protection Act, which provides the legal framework for the management of personal data by organisations. Officers must not access, obtain or disclose any personal data (which is held by the Council) to any third party unless specifically authorised to do so. Failure to comply with the law can result in disciplinary action which can lead to dismissal as well as prosecution.

5 Political Neutrality

Officers serve the Council as a whole. It follows that they must serve all Members and not just those of the controlling group and must ensure that the individual rights of all Members are respected. Where officers are required to advise political groups, they must do so in ways which do not compromise their political neutrality. This is explained in more detail in the Member Officer Protocol, Part 5 of the Constitution.

Officers, whether or not politically restricted, must follow every lawful expressed policy of the Council and must not allow their own personal or political opinions to interfere with their work.

Certain posts are designated politically restricted by the Local Government and Housing Act 1989. Employees holding such posts have restrictions placed upon them regarding their out of work activities. Holders of such posts should make themselves familiar with the information which is given to them on appointment.

6 Relationships

The Council expects officers to treat each other equally, fairly and with dignity and respect regardless of their circumstances or personal characteristics.

Officers are also expected to assist the Council achieve its aim of making the work environment free of harassment and/or bullying, discrimination or other unacceptable behaviours.

Members -officers are responsible to the Council through its senior managers. For some, their role is to give advice to Members and senior managers and all are there to carry out the Council's work. Mutual respect between officers and Members is essential to good local government.

Officers should avoid close personal familiarity with individual Members. Such familiarity can damage the professional relationship needed to execute the Council's work. Close familiarity can prove embarrassing to other officers and Members and should therefore be avoided.

More information is contained in the Member Officer Protocol, Part 5 of the Constitution.

The local community and service users- officers must remember their responsibilities to the community they serve. They must be courteous, efficient and impartial in their service delivery to all groups and individuals with whom they come into contact.

Contractors - officers must inform their manager of all relationships of a business or private nature with external contractors or potential contractors.

Officers who engage or supervise contractors and have any other official relationship with contractors or currently have a relationship in a private or domestic capacity with contractors must declare that relationship to their manager.

7 Appointments and Other Employment Matters

As set out in the Council's policy for recruitment and selection, employees involved in appointments should ensure that these are made on the basis of merit. In order to avoid any possible accusation of bias, employees should not be involved in an appointment where they are related to an applicant, or have a close personal relationship outside work with him or her.

Similarly, employees should not be involved in decisions relating to discipline, promotion

or pay adjustment for any other employee who is a relative, partner etc.

8. Outside Commitments

As a general rule, officers should not undertake any type of private work which conflicts with the Council's interest or prevents the employee from fulfilling the terms of their employment contract.

Officers of Senior Officer (SO) grade or above may not engage in any other business or take up any other additional appointment without the express consent of the Council. Such consent is obtained through formal application to the appropriate Service Manager and must not be unreasonably withheld. The Chief Executive is required to obtain the consent of the Leader of the Council. Corporate Leadership Team is required to obtain the consent of the Chief Executive.

Officers should complete Form 1 and hand it to their Manager.

No outside work of any sort, whether paid or unpaid, should be undertaken on Council premises nor may Council facilities be used for this purpose.

Officers should be aware of the Council's position on the ownership of intellectual property or copyright created during their employment. 'Intellectual property' includes inventions, designs and computer software. Where intellectual property is created or developed in the course of an officer's duties it and any profit or property of the intellectual property is the property of the Council.

9. Personal, Business, Financial or Other Interests

The Council and the public must be confident that decisions of whatever nature officers make are made for good and proper reasons and are not influenced by the officer's interests or the interests of their family, relatives or friends.

Officers are required to declare and register with their manager any potential or actual personal, financial, business, other employment or interest which may impact on their work, conflict with the impartial performance of their duties, put them under suspicion of improper behaviour or that could cause damage to the Council's reputation or services. The Chief Executive is required to register any such interests with the Leader of the Council, the Section 151 Officer and the Monitoring Officer.

Officers should declare to their manager membership of any secret society. The definition of 'secret society' is:

Any lodge, chapter, society, trust or regular gathering or meeting which:

- Is not open to members of the public who are not members of that lodge, chapter, society or trust.
- Includes in the grant of membership a requirement on the part of the member to make a commitment (whether by oath or otherwise) of allegiance to the lodge, chapter, society, trust, gathering or meeting and;
- Includes, whether initially or subsequently, a commitment (whether by oath or otherwise) of secrecy about the rules, membership or conduct of the lodge, chapter, society, trust, gathering or meeting.

Officers should use Form 2 to declare an interest under this paragraph.

10. Equality Issues

Officers should observe the Council's Equal Opportunities policies in all activities. All members of the local community, customers and other officers have a right to be treated with fairness and equality.

11. Separation of Roles during Tendering etc.

Officers involved in the tendering process and dealing with contractors should be clear on the separation of client and contractor roles within the Council. Senior officers who have both client and contractor responsibility must be aware of the need for accountability and openness.

Officers in contractor or client units must exercise fairness and impartiality when dealing with all customers, suppliers, other contractors and sub-contractors.

Officers who are privy to confidential information on tenders or costs for either internal or external contractors should not disclose that information to any unauthorised party or organisation.

Officers should ensure that no special favour is shown to current or recent former officers or their partners, close relatives or associates in awarding contracts to businesses run by them or employing them in a senior or relevant managerial capacity.

12. Corruption

Officers must be aware that it is a serious criminal offence for them corruptly to receive or give a gift, loan, fee, reward or advantage for doing, or not doing, anything or showing favour, or disfavour, to any person in their official capacity

13. Whistleblowing

The Council is committed to achieving high standards of integrity and accountability and expects the same commitment from those working for the Council. Officers are often the first to realise that there may be something seriously wrong within the Council, or have suspicions and could, by reporting their concerns at an early stage, help put things right and stop potential wrong doing.

The Council's Whistleblowing Policy provides a framework for officers to raise concerns which they believe are in the public interest any relate to illegal, improper or unethical conduct. Officers are encouraged to bring to the attention of management the Monitoring Officer or Internal Auditor, knowledge or any such activity and should be able to do so without fear of victimisation.

14. Use of financial resources

Officers must ensure that they use public funds entrusted to them in a responsible and lawful manner. They should strive to ensure value for money to the local community and to avoid legal challenge to the Council.

15. Public and Social Media

The Council has a Communications Officer whose role it is to deal with the press and media and offer advice and guidance to officers.

Unless an officer is acting as a spokesperson for the Council as part of their duties, or is authorised to act as a spokesperson about a particular situation or event, officers should not speak, write or give interviews about the business of the Council to the media or make a public statement which concerns the business of the Council as to do so may result in reputational damage to the Council.

Officers should not use their own social media accounts in such a way as to bring the Council into disrepute.

16. Hospitality and Gifts

Hospitality should only be accepted if it is important to the business of the Council. There is a clear difference between authorised attendance in an official capacity at a function and the acceptance of hospitality from a private individual or private sector company with an actual or potential commercial interest with the Council.

Officers should only accept offers of hospitality if there is a genuine need to impart information or represent the Council in the community. Acceptance of offers of hospitality should be authorised by a manager and recorded.

Acceptance of hospitality through attendance at relevant conferences and courses is acceptable where it is clear the hospitality is corporate rather than personal, and where any purchasing decisions are not compromised. Where visits to inspect equipment etc. are required, officers should ensure that the Council meets the cost of such visits to avoid jeopardising the integrity of subsequent purchasing decisions.

When hospitality has to be declined, those making the offer should be courteously but firmly informed of the Council's policy.

Officers should not accept significant personal gifts from contractors and outside suppliers. Officers may use their judgement to keep insignificant items such as pens, diaries etc.

When receiving authorised hospitality officers should be particularly sensitive as to its timing in relation to decisions which the Council may be taking affecting those providing the hospitality.

Officers should use Form 3 to record receiving any gift or hospitality worth more than an estimated value of £25.

A copy of the record will be kept in the register maintained by the Monitoring Officer.

17. Sponsorship

When an outside organisation wishes to sponsor a Council activity or an individual officer, the rules set out in paragraph 16 above about accepting hospitality and gifts apply.

When the Council wishes to sponsor an event/organisation/individual an officer should follow the rules set out in paragraph 9 above about personal, business, financial or other interests if they benefit, or it could be perceived they may benefit from the arrangement.

WHISTLEBLOWING CODE

1. INTRODUCTION

1.1 Craven District Council is committed to providing an environment of openness where individuals feel that they are able to raise concerns regarding serious malpractice. This Policy formulated in accordance with the provisions of the Public Interest Disclosure Act 1998 (PIDA) sets out the procedure for raising concerns about such matters and affords anyone raising concerns under the policy protection from reprisal.

1.2 Employees are often the first to realise that there may be something seriously wrong within the Council. However, they may not express their concerns because they feel that speaking up would be disloyal to their colleagues or to the Council. They may also fear harassment or victimisation. In these circumstances it may be easier to ignore the concern rather than report what may just be a suspicion of malpractice.

1.3 It is one of the Council's aims to promote democracy and accountability, by conducting business in an open and accountable way and operating to the highest ethical standards. As a result, the Council is committed to the highest possible standards of openness, probity and accountability. In line with that commitment, we expect employees, and others that we deal with, who have serious concerns about any aspect of the Council's work to come forward and voice those concerns. It is recognised that most cases will have to proceed on a confidential basis.

1.4 This policy document makes it clear that you can come forward and voice your concerns without fear of victimisation, subsequent discrimination or disadvantage. This **Whistleblowing Policy** is intended to encourage and enable employees to raise serious concerns **within** the Council rather than overlooking a problem or 'blowing the whistle' outside.

1.5 This policy applies to you, whether you are a permanent or temporary employee, agency or casual member of staff or if you work as a contractor or volunteer.

1.6 These procedures are in addition to the Council's complaints procedure and other statutory reporting procedures applying to some service units. You are responsible for making service users aware of the existence of these procedures.

1.7 This policy has been discussed with the relevant trade unions and professional organisations and has their support.

2. AIMS AND SCOPE OF THIS POLICY

2.1 This policy aims to:

- Encourage you to feel confident in raising serious concerns and to question and act upon concerns about practice;

- Provide avenues for you to raise those concerns and receive feedback on any action taken;
- Ensure that you receive a response to your concerns and that you are aware of how to pursue them if you are not satisfied; and
- Reassure you that you will be protected from possible reprisals or victimisation if you have a reasonable belief that you have made any disclosure in good faith.

2.2 There are existing procedures in place to enable you to lodge a grievance relating to your own employment. This Whistleblowing Policy is intended to cover major concerns that fall outside the scope of other procedures. These include:

- a criminal offence has been, is being, or is about to be committed;
- there has been, or is about to be, a serious miscarriage of justice;
- the health and safety of individuals or groups has been, is being, or is about to be, jeopardised;
- the environment has been, is being, or is about to be, severely damaged;
- the unauthorised use of public funds;
- discrimination, bullying, victimisation or harassment;
- improper conduct or unethical behaviour;
- other unethical conduct;
- there has been, is, or is about to be, a failure to comply with legal obligations; and;
- information about the above has been concealed or there have been attempts to conceal any of these.

The overriding concern should be that it would be in the public interest for the malpractice to be corrected and, if appropriate, for sanctions to be applied.

2.3 **Any serious concerns that you have about any aspect of service provision or the conduct of officers or Members of the Council, or others acting on behalf of the Council can be reported under the Whistleblowing Policy.** This may be about something that:

- makes you feel uncomfortable in terms of known standards, your experience, or the standards you believe the Council subscribes to;
- is against the Council's Standing Orders and policies;
- falls below established standards of practice; or

amounts to improper conduct

2.1 This policy does **not** replace the Corporate Complaints' Procedure.

3. SAFEGUARDS

Harassment or Victimisation

3.1 The Council will not tolerate the harassment or victimisation of anyone raising a genuine concern. However, we recognise that you may nonetheless want to raise a concern in confidence under this Policy. If you ask us to protect your identity by keeping your confidence, we will not disclose it without your consent. If the situation arises where we are not able to resolve the concern without revealing your identity (for instance because your evidence is needed in court), we will discuss with you whether and how we can proceed.

3.2 Any investigation into allegations of potential malpractice will not influence or be influenced by any disciplinary or redundancy procedures that already affect you.

Confidentiality

3.3 All concerns will be treated in confidence and every effort will be made not to reveal your identity if you so wish. At the appropriate time, however, you may need to come forward as a witness.

Anonymous Allegations

3.4 This policy encourages individuals to raise concerns and affords them the appropriate protection for doing so.

3.5 Allegations raised anonymously are much less powerful but will be dealt with at the discretion of the Council.

3.6 In exercising this discretion, the factors to be taken into account would include:

- the seriousness of the issues raised;
- the credibility of the concern; and
- the likelihood of confirming the allegation from attributable sources.

Deliberately False and Malicious Allegations

3.7 The Council will ensure that adequate resources are put into investigating any allegations of fraud, corruption or malpractice that it receives. Accordingly, it will view very seriously any false or malicious allegations, which it receives. The making of deliberately false or malicious allegations by any employee of the Council will be regarded as a serious disciplinary offence.

4. HOW TO RAISE A CONCERN

4.1 As a first step, you should normally raise the concern with your immediate manager or their superior. This depends, however, on the seriousness and sensitivity of the issues involved and who is suspected of the malpractice. For example, if you believe that your manager is involved, you should raise the matter with the next more senior managerial level within your service/department. You should indicate if you want to raise the matter in confidence so that appropriate arrangements can be made when taking the matter forward, if you cannot raise the matter in your service/department because you feel the people whom you would

report it to may be involved in the malpractice or if you feel that the matter is so serious that you cannot discuss it with any of the above, please write to:

The Chief Executive
Craven District Council
1 Belle Vue Square
Broughton Road
SKIPTON
North Yorkshire
BD23 1FJ

Or

The Monitoring Officer – at the same address

4.2 Concerns may be raised verbally or in writing. Staff who wish to make a written report are asked to include the following information:

- the background and history of the concern (giving relevant dates); and
- the reasons why you are particularly concerned about the situation.

4.3 The earlier you express concern; the easier it is to take action.

4.4 Although you are not expected to prove beyond doubt the truth of an allegation, you will need to demonstrate to the person contacted that there are reasonable grounds for your concern.

4.5 IF IN DOUBT, RAISE IT

6. HOW THE COUNCIL WILL RESPOND

6.1 The Council will respond to your concerns. Do not forget that testing out your concerns is not the same as either accepting or rejecting them.

6.2 Where appropriate, the matters raised may:

- be investigated by the management, internal audit, or through the disciplinary process;
- be referred to the police;
- be referred to the external auditor; and/or
- form the subject of an independent inquiry.

6.3 In order to protect individuals and those accused of misdeeds or possible malpractice, initial enquiries will be made to decide whether an investigation is appropriate and, if so, what form it should take. The overriding principle which the Council will have in mind is the public interest. Concerns or allegations which fall within the scope of specific procedures (for example, harassment or discrimination issues) will normally be referred for consideration under those procedures.

6.4 Some concerns may be resolved by agreed action without the need for investigation. If urgent action is required this will be taken before any investigation is conducted.

6.5 Within ten working days of a concern being raised, the Council will write to you:

- acknowledging that the concern has been received;
- indicating how we propose to deal with the matter;
- giving an estimate of how long it will take to provide a full response;
- telling you whether any initial enquiries have been made;
- supplying you with information on staff support mechanisms; and
- telling you whether further investigations will take place; and if not, why not.

6.6 The amount of contact between the officers considering the issues and you, will depend on the nature of the matters raised, the potential difficulties involved and the clarity of information provided. If necessary, the Council will seek further information from you.

6.7 Where any meeting is arranged, off-site if you so wish, you can be accompanied by a union or professional association representative or a friend.

6.8 The Council will take steps to minimise any difficulties which you may experience as a result of raising a concern. For instance, if you are required to give evidence in criminal or disciplinary proceedings the Council will arrange for you to receive advice about the procedure.

6.9 The Council accepts that you need to be assured that the matter has been properly addressed. Thus, subject to legal constraints, we will inform you of the outcome of any investigation

7. MANAGERS' RESPONSIBILITY

7.1 It is a manager's responsibility to:

- deal with any concerns that are raised in accordance with the policy ensuring that they are treated seriously and investigated as appropriate;
- ensure that appropriate arrangements are made if the individual wishes to raise the matter in confidence;
- ensure that anyone raising a concern in accordance with the term of the policy is protected from reprisal; and
- notify the HR Group of any concerns that are formally brought to their attention.

7.2 All managers will receive training in the legislative framework governing 'whistleblowing' in accordance with the provisions of the Public Interest Disclosure Act 1998 and the Council's Whistleblowing Policy.

8 THE MONITORING OFFICER

8.1 The Monitoring Officer has overall responsibility for the maintenance and operation of this policy and will liaise where necessary with Internal Audit and/or the Chairman of Audit and Governance Committee. That officer maintains a record of concerns raised and the outcomes (but in a form which does not endanger your confidentiality) and will report as necessary to the Audit and Governance Committee.

9 WHAT NOT TO DO IF YOU SUSPECT FRAUD, CORRUPTION OR MALPRACTICE

9.1 **Don't:**

- Be afraid of raising your concerns; you will not suffer any recrimination.
- Approach or accuse individuals directly.
- Try to investigate the matter yourself.
- Convey your suspicions to anyone other than those with the proper authority.

10 EXTERNAL CONTACTS

10.1 Whilst we hope this policy gives you the reassurance you need to raise such matters internally or as a contract or agency worker, we would rather you raised a matter with the appropriate regulator than not at all. Therefore, provided you are acting in good

faith, you feel you have exhausted or are unable to use internal channels to report the malpractice and you have evidence to back up your concern, you may also wish to contact:

- The *External* Auditor (if you believe there has been financial or procedural irregularity).
- The Police (if you believe that a criminal act is about to or has taken place) Tel: 101 or if outside the force area 01904 618961 (North Yorkshire Police).
- Relevant professional bodies (if you believe that professional misconduct has taken place).
- The Health and Safety Executive (if you believe that a serious breach of health and safety legislation has occurred). Tel: 0845 345 00 55.

11 SUPPORT FOR ANYONE INVOLVED IN A COMPLAINT

11.1 It is recognised that all those involved in a ‘whistleblowing’ issue may experience different emotional or psychological reactions to their experiences. The Council’s independent and confidential counselling service (accessed via the Occupational Health Service) is available to all concerned. Further details can be obtained from the HR Group or via the HR. Or contact Oasis Peoplecare directly Tel: 0800 975714.

12 REVIEW

12.1 This policy will be reviewed on a regular basis in the light of operating experience and/or change in legislation or at intervals of two years.

13 LINKS TO OTHER POLICIES

13.1 This policy should be cross-referenced with other Councils’ policies and procedures, for example:

- Anti-Fraud and Corruption Strategy
- Management of Sickness

An annual form for updating personal information will include an opportunity for Members to renounce the Basic Allowance, Special Responsibility Allowance or both in part or in full.

5. PENSIONS

Craven District Council has agreed that there should be no introduction of pension entitlements for Members; that is, they may not be admitted to the Local Government Pension Scheme.

In order that payments can be made promptly, existing Members and all new Members will be sent a form to complete and return which will confirm personal details, bank details and other information required to process the payments.

7. PUBLISHING OF INFORMATION

Information as to the level of allowances paid to each Member is published annually and is available for inspection at the Council’s main offices, as soon as possible after the end of each financial year. The publication is separated into the following categories:

- Basic Allowance;
- Special Responsibility Allowance;
- Travel and Subsistence Allowance;
- Co-optee’s Allowance;
- Dependant Carer’s Allowance; and
- Chairman / Vice Chairman of the Council Allowance.

8. MEMBERS’ ALLOWANCES – TAX AND NATIONAL INSURANCE

a) Income Tax

For tax purposes, Council Members and civic dignitaries are treated in the same way as any other individual who holds office or is an employee. Emoluments received from an office or employment are chargeable to income tax under Schedule E. Tax is deducted under PAYE. “Emoluments” has a wide meaning – it includes salaries, fees, wages and any other profits received from an office or employment.

The following Allowances are taxable under Schedule E:

- Basic Allowance;
- Special Responsibility Allowance; and

- Allowances paid to the Chairman and Vice-Chairman of the Council.

b) Travel and Subsistence Allowances

Travel Allowance – Where a Councillor uses his or her car to undertake representative duties on behalf of the Council, a mileage allowance will be paid for travel between home and the Council Offices, or some other place, on council business. This payment will be subject to the Inland Revenues system of Authorised Mileage Rates. Full details of the scheme and the tax implications will be made available to all Members on request.

Subsistence Allowances – These Allowances are taxable unless they are paid for the extra expense of subsistence incurred as a consequence of travel on council business away from the Council Offices.

c) National Insurance Contributions

For tax purposes, Members are treated similar to employees and are, therefore, liable to pay National Insurance contributions, as employed earners, when they receive remuneration allowances at or above the threshold for contributions. The earnings period for the assessment of National Insurance contributions is the shortest interval at which any allowance is paid. (Monthly for Craven District Council)

(Members with other employment can apply to defer payment of contributions if they expect to pay the annual maximum in that employment.)

9. UPDATING ALLOWANCES AND REVIEW OF THE SCHEME

Basic and Special Responsibility Allowances will be updated as a matter of course to match local government pay settlements from the date of implementation of those settlements.

The structure of the Members’ Allowances Scheme is to be reviewed every four years, unless an intermediate or partial review is requested by the Council.

CRAVEN DISTRICT COUNCIL

MEMBERS' ALLOWANCES SCHEME – PRINCIPLES

PRINCIPLES OF THE SCHEME

The following are the general principles upon which the Council's Members' Allowances Scheme is based:-

- Councillors carry out a public service and, in order to reflect this, the Scheme acknowledges that some of their work ought to be done on a voluntary basis;
- The Council has agreed a mechanism to deal with non-attendance of Members at meetings and / or failure to carry out the duties expected of a Councillor;
- The Basic and Special Responsibility Allowances were set taking account of 2009 data from comparable authorities and across NY, along with other evidence.
- Additional remuneration is payable for Councillors undertaking a range of special responsibilities. (Special Responsibility Allowance)
- The Scheme seeks to be transparent and accountability is essential. To assist with budgeting, the level of allowances, once approved, will be subject to a comprehensive review every four years, with the monetary value of the allowances being reviewed annually;
- Regard is had to the cost and ease of administration of the Scheme;
- Account is taken of the impact being a Councillor has on family life and the unsocial hours, during which a lot of council business is conducted;
- The Basic Allowance is sufficient to cover the costs incurred in publishing a newsletter, postage, telephone calls and providing fax facilities and the capital and running costs of IT provision, which is expected of Councillors.
