Built Sports Facilities Progress Report 2023

The Director of Services submitted a report presenting the Built Sports Facilities Progress Report 2023. Strategic Leisure had been commissioned by the Council in 2015 to prepare a Built Sports Facilities Strategy which was accepted into the Local Plan evidence base (Policy INF3) by this Sub-Committee on 2nd March 2016.

The Strategy provided an assessment of the quality, quantity and accessibility of existing provision of indoor and outdoor built sports facilities and identified areas of deficiency and surpluses. The Strategy made recommends to where facilities could be improved or redeveloped.

The 2023 progress report provided details of progress made against the eight recommendations included in the 2016 Strategy, including updating relating to timescales, priorities and investment needs. The progress report would ensure that policy INF3 could be implemented prior to a new North Yorkshire Council Local Plan being adopted by the new authority based on as up to date evidence as possible.

For Members' information officers also gave an overview by way of a presentation on the Carleton-in-Craven Conservation Area Appraisal which had been approved by the Policy Committee on 28th February 2023. Members were also advised that monitoring of the current Local Plan policies would be continued by the new authority.

Resolved – That, the Built Sports Facilities Progress Report 2023 as presented in Appendix A to the report now submitted is noted and accepted into the evidence base for the Craven Local Plan.
