October 2015

Local Green Space designations - call for sites consultation

The council is inviting applications to designate Local Green Space as part of the emerging [New local plan](#). Applications can be submitted over a 6 week period from Wednesday 21st October to Wednesday 2nd December, 2015. This is a new area of local planning, offering communities the opportunity to identify areas of green space which are of value to them because of their significance to wildlife, culture, heritage, beauty, tranquillity or recreation (see methodology below). We'd be grateful if applications could be made using the online form (see below). Following the assessment of applications, suitable sites will be proposed as Local Green Space in a draft version of the new local plan and any Local Green Spaces designated in the final adopted version will be protected from inappropriate development. If you have any queries relating to the designation of Local Green Space, please contact the Planning Policy Team.

- **Local plan timetable** - visit our [Local plan timetable](#) web-page to see the revised Local Development Scheme.

July 2015

Craven Business Premises Survey

The council has commissioned Nathaniel Lichfield & Partners (NLP) to undertake a review of future employment land requirements in Craven, outside the Yorkshire Dales National Park. As part of the review, we'd like to hear from all office-based, industrial and warehouse businesses, plus any other businesses operating from business parks or industrial estates, about their location and premises. We'd be grateful if owners or managers of such businesses could complete a short [online questionnaire](#) by Friday 24th July 2015. All responses will be kept strictly confidential and no information on individual businesses will be retained by the council or otherwise released.

Here's a link to the online questionnaire: <https://www.surveymonkey.com/r/QX7Z8VN>. Thanks for participating.
