65/2016/17059 Material amendment to approval No.65/2016/16755 to raise building eaves to 10 metres (alternative reserved matters to outline approval 65/2015/15388), Britannia Willis of Skipton Ltd, Stirton Depot, Gargrave Road, Skipton – Conditional approval.

b. Applications

Resolved – That decisions on applications for planning permission are made as follows: -

Permission Granted

31/2016/16922 Development of 7 new dwellings with off street parking, land at the junction with Raines Road and Brackenber Lane, Giggleswick.

Summary of Conditions

1. The development hereby permitted shall be begun not later than the expiration of three years beginning with the date of this permission.
2. The approved plans comprise the following drawings received on the 4 May 2016:-
178/66901)03 Rev B, 178.66(21)010, 178.66(21)011, 178.66(21)012, 178.66(21)013,
178.66(21)014, 178.66(21)015, 178.66(21)016, 178.66(21)017, 178.66(21)018,

Rosetta 2502/1, and Rosetta 2502/2. The development shall be completed in accordance with the approved plans (including the tree protection measures) except where conditions attached to this planning permission indicate otherwise or where alternative details have been subsequently approved following an application for a non-material amendment.

3. Prior to the first construction of the external walls, roof, and boundary enclosures, precise details of the materials, colour and finish of all external materials (walls, roof, and including the limestone boundary wall to be constructed on the south western boundary) shall be provided to and approved in writing by the Local Planning Authority. Details should include the construction of an on-site sample panel to show the walling material and pointing to be used for the dwellings. Thereafter the development shall be carried out in accordance with the approved details.

4. No dwelling to which this planning permission relates shall be occupied until the carriageway and any footway/footpath from which it gains access is constructed to basecourse macadam level and/or block paved and kerbed and connected to the existing highway network with street lighting installed and in operation. The completion of all road works, including any phasing, shall be in accordance with a programme approved in writing with the Local Planning Authority in consultation with the Highway Authority before the first dwelling of the development is occupied.

5. Unless otherwise approved in writing by the Local Planning Authority, there shall be no excavation or other groundworks, except for investigative works, or the depositing of material on the site until the access(es) to the site have been set out and constructed in accordance with the published Specification of the Highway Authority and the following requirements:

- a. The details of the access shall have been approved in writing by the Local Planning Authority in consultation with the Highway Authority.
- b. The crossing of the highway verge and/or footway shall be constructed in accordance with the approved details and/or Standard Detail number E6.
- c. Any gates or barriers shall be erected a minimum distance of 4.5 metres back from the carriageway of the existing highway and shall not be able to swing over the existing or proposed highway.
- d. That part of the access(es) extending 4.5 metres into the site from the carriageway of the existing highway shall be at a gradient not exceeding 1 in 20.
- e. Provision to prevent surface water from the site/plot discharging onto the existing or proposed highway shall be constructed in accordance with the approved details, and/or the specification of the Highway Authority, and maintained thereafter to prevent such discharges.
- f. The final surfacing of any private access within 4.5 metres of the public highway shall not contain any loose material that is capable of being drawn on to the existing or proposed public highway.
- g. Provision of tactile paving in accordance with the current Government guidance. All works shall accord with the approved details unless otherwise agreed in writing by the Local Planning Authority.

6. There shall be no access or egress by any vehicles between the highway and the application site (except for the purposes of constructing the initial site access) until splays are provided giving clear visibility of 45 metres north easterly and 120 metres south westerly measured along both channel lines of the major road Raines Road from a point measured 2 metres down the centre line of the access road. The eye height will be 1.05 metres and the object height shall be 1.05 metres. Once created, these visibility areas shall be maintained clear of any obstruction and retained for their intended purpose at all times.

7. There shall be no access or egress by any vehicles between the highway or proposed highway (estate road) and the proposed vehicular access (except for the purposes of constructing the initial site access) until visibility splays providing clear visibility of 2 metres x 2 metres measured down each side of the access and the back edge of the footway of the major road have been provided. The eye height will be 1.05 metres and the object height shall be 0.6 metres. Once created, these visibility areas shall be maintained clear of any obstruction and retained for their intended purpose at all times.

8. Unless otherwise approved in writing by the Local Planning Authority, there shall be no excavation or other groundworks, except for investigative works, or the depositing of material on the site in connection with the construction of the access road or building(s) or other works until:

a. The details of the following off site required highway improvement works, works listed below have been submitted to and approved in writing by the Local Planning Authority in consultation with the Local Highway Authority:

b. An independent Stage 2 Road Safety Audit for the agreed off site highway works has been carried out in accordance with HD19/03 - Road Safety Audit or any superseding regulations and the recommendations of the Audit have been addressed in the proposed works.

c. The developer's programme for the completion of the proposed works has been submitted to and approved in writing by the Local Planning Authority in consultation with the Local Highway Authority. The required highway improvements shall include:

i. Provision of tactile paving

ii. A footway of minimum width 1.2 metres to link to existing footway at the mini roundabout

9. Unless otherwise approved in writing by the Local Planning Authority in consultation with the Highway Authority, the development shall not be brought into use until the following highway works have been constructed in accordance with the details approved in writing by the Local Planning Authority under condition number: 8. A footway of minimum width 1.2 metres to link to the existing footway at the mini roundabout

10. No part of the development shall be brought into use until the approved vehicle access, parking, manoeuvring and turning areas.

a. have been constructed in accordance with the submitted drawing (Ref: 178.66(01)03 Rev B
b. are available for use unless otherwise approved in writing by the Local Planning Authority. Once created these areas shall be maintained clear of any obstruction and retained for their intended purpose at all times.

11. There shall be no access or egress by any vehicles between the highway and the application site until details of the precautions to be taken to prevent the deposit of mud, grit and dirt on public highways by vehicles travelling to and from the site have been submitted to and approved in writing by the Local Planning Authority in consultation with the Highway Authority. These facilities shall include the provision of wheel washing facilities where considered necessary by the Local Planning Authority in consultation with the Highway Authority. These precautions shall be made available before any excavation or depositing of material in connection with the construction commences on the site and be kept available and in full working order and used until such time as the Local Planning Authority in consultation with the Highway Authority agrees in writing to their withdrawal.

12. Unless approved otherwise in writing by the Local Planning Authority there shall be no establishment of a site compound, site clearance, demolition, excavation or depositing of material in connection with the construction on the site until proposals have been submitted to and approved in writing by the Local Planning Authority for the provision of:

a. on-site parking capable of accommodating all staff and sub-contractors vehicles clear of the public highway

- b. on-site materials storage area capable of accommodating all materials required for the operation of the site.
- c. the approved areas shall be kept available for their intended use at all times that construction works are in operation.

13. The development shall not begin until a scheme for the provision of affordable housing as part of the development has been submitted to and approved in writing by the local planning authority. The affordable housing shall be provided in accordance with the approved scheme and shall meet the definition of affordable housing in the NPPF or any future guidance that replaces it. The scheme shall include:

- a. the numbers, type, tenure and location on the site of the affordable housing provision to be made which shall consist of not less than 40% provision of housing units unless otherwise agreed with the local planning authority following an assessment of financial viability;
- b. the timing of the construction of the affordable housing and its phasing in relation to the occupancy of the market housing;
- c. the arrangements for the transfer of the affordable housing to an affordable housing provider or the management of the affordable housing;
- d. the arrangements to ensure that such provision is affordable for both first and subsequent occupiers of the affordable housing; and
- e. the occupancy criteria to be used for determining the identity of occupiers of the affordable housing and the means by which such occupancy criteria shall be enforced; or
- f. details of an equivalent affordable housing contribution to be provided in lieu of affordable housing on site and the means by which such a contribution shall be provided (alternatively, this may be a contribution that is to be provided partly on site and partly in lieu).

14. Prior to the commencement of development details of proposed ground levels, proposed floor levels of the dwellings, garages, drives, parking areas, and terraces to units 4-6 inclusive shall be submitted to and approved in writing by the Local Planning Authority. The development shall thereafter be completed strictly in accordance with the approved plans.

Informatives

1. With regard to Condition No 2, 7, 10, 11, 12 and 13. above please note that it will be necessary to submit a formal application to discharge the conditions. Any samples of materials that require approval should be made available for inspection either on the site or another suitable location and not brought to or delivered to the Council Offices unless specific arrangements to do so have been made with the relevant planning case officer.

2. During construction there is a potential for noise nuisance to nearby residential properties. It is advised that operating times for construction should be limited to:

- 8:00am to 6:00pm Monday to Friday
- 8:00am to 1:00pm Saturday
- No Sunday or Bank Holiday working.

Statement of Positive Engagement - In dealing with this application Craven District Council has sought to approach the decision making process in a positive way, in accordance with the requirements of paragraphs 186 and 187 of the National Planning Policy Framework. In particular the Council has engaged in pre-application discussions. (*)

45/2016/17160 Alterations to existing first floor structure to form a balcony, 38 High Street, Ingleton.

Summary of Conditions

1. The development hereby permitted shall be begun not later than the expiration of three years beginning with the date of this permission.
2. The approved plans comprise the Floor Plans and Proposed Balcony Specifications (including glass fitting details) received by the Local Planning Authority on 18 July 2016, and the amended balcony elevations received on the 13 September 2016. The development shall be completed in accordance with the approved plans except where alternative details have been subsequently approved following an application for a non material amendment.
3. Unless alternative details are first submitted to and approved in writing by the Local Planning Authority, the rear and side elevation of the development proposal, between ground level and floor level of the balcony hereby permitted, shall have a dashed finish. The dashed finish shall match that used on the existing ground floor lean-to extension. On the rear elevation the dashed finish between the existing dashed and the new dashed shall be continuous and shall not be interrupted by fascia boards, guttering's or other similar features.
4. Prior to first being put use as a balcony for the enjoyment of the occupiers of the application premises, the development shall be fully completed in accordance with the approved plans. The works to be completed includes the completion of the necessary dashed finish, and the installation of the obscure glazed or etched glass panels that provide privacy for adjoining neighbours. The development shall thereafter be retained strictly in accordance with the approved plans and maintained in good condition.

Statement of Positive Engagement : In dealing with this application Craven District Council has sought to approach the decision making process in a positive way, in accordance with the requirements of paragraphs 186 and 187 of the National Planning Policy Framework. In particular the Council has engaged in pre-application discussions. (*)

(Councillor Ireton declared an interest in the above application under Paragraph 15 of the Council's Code of Conduct. Having exercised his right to speak he withdrew to the public gallery taking no further part in the determination of the application.)

Permission Refused

12/2016/17128 Retrospective application for alterations to, and retention of, building to use for agricultural purposes (storage of agricultural materials including hay, straw, feed and wool), New Laithe Barn, Newton Grange Farm, East Marton.

Reasons for Refusal

The National Planning Policy Framework advises at Paragraph 14 that development should be approved unless any adverse impacts of doing so would significantly and demonstrably outweigh the benefits. It is not considered that, based upon the further supporting information provided with this application, a new building in this location was essential to the efficient operation of the farming business or to contribute to the rural economy. If an application had been made to the Council prior to the building's erection, it would instead have sought to ensure that the building was sited adjacent to the existing group of agricultural buildings at the farm which would have had less impact on the open countryside. It is therefore considered that this development is unacceptable in principle as it constitutes sporadic unjustified development in a rural open countryside location and this adverse impact is considered to outweigh the benefits of approving development. The development is therefore not considered to meet the requirements of the Council's Saved Local Plan Policies ENV1 or ENV13 or the NPPF including one of the NPPF's core planning principles of preventing development that would be harmful to the intrinsic open character of the countryside.

Statement of Positive Engagement : In dealing with this application Craven District Council has sought to approach the decision making process in a positive way, in accordance with the requirements of paragraphs 186 and 187 of the National Planning Policy Framework. (*)

(Councillor Mason drew the Committee's attention to his previous declaration under Paragraph 15 of the Council's Code of Conduct (October 2015) in respect of the above site, he withdrew from the meeting taking no part in the discussion or voting thereon.)

49/2016/17022 Conversion of a redundant shippon building to form a single dwelling with associated off street parking, Willow Tree, Lawkland.

Reasons for Refusal

As a consequence of unauthorised major reconstruction of the existing shippon the building is now incapable of being converted to residential accommodation and as such the development proposed is a new dwelling in the open countryside. The proposed dwelling given its remote location fails to comply with the main aims and objectives of sustainable development and with no special justification fails to comply with saved local policies. It is therefore considered that this development is unacceptable in principle as it constitutes sporadic unjustified development in a rural open countryside location and this adverse impact is considered to outweigh the benefits of approving development. As such the proposal is contrary to the requirements of Saved Policy ENV1 and H8 of the Craven District (outside the Yorkshire Dales National Park) Local Plan and the aims and objectives of the NPPF including the NPPF's core planning principles of preventing development that would be harmful to the intrinsic open character of the countryside.

Statement of Positive Engagement : In dealing with this application Craven District Council has sought to approach the decision making process in a positive way, in accordance with the requirements of paragraphs 186 and 187 of the National Planning Policy Framework. In particular the Council has advised the applicant / agent with respect to the reasons why the application cannot be supported in its current form and provided advice with respect to a resubmission.

Note : A motion to defer consideration of the above application pending a site visit was lost; Councillor Ireton abstained from voting. The motion to refuse the application as recommended was carried on the Chairman's casting vote.

63/2016/16903 Proposed side extension and alteration to roof form. amendment to previously approved application referenced 63/2015/15908, Glen Croft, 72 Raikes Road, Skipton.

Reasons for Refusal

It is a core planning principle of the National Planning Policy Framework that all developments should provide a good standard of amenity for existing residents, and further, that good design is a key aspect of sustainable development; is indivisible from good planning; and should contribute positively to making places better for people. It is considered that the proposed alterations would detract from the overall character and appearance of the host dwelling by reason of the design of the roof form. It is considered that those alterations to the roof are discordant with the dwelling and result in the north east elevation of the property having an unbalanced and dominant appearance. The proposal is therefore considered to be contrary to the provisions of Saved Policy H20 of the Craven District Council (Outside the Yorkshire Dales) Local Plan and those contained within Sections 7 and 11 of the National Planning Policy Framework.

Statement of Positive Engagement : In dealing with this application Craven District Council has sought to approach the decision making process in a positive way, in accordance with the requirements of paragraphs 186 and 187 of the National Planning Policy Framework. (*)

Withdrawn from the Agenda

69/2016/17106 Proposed dwelling house with on site parking and turning areas (resubmission of previously refused permission 69/2014/14956), Lane End Farm, Cam Lane, Thornton in Craven – withdrawn, application to be resubmitted to the Committee's next meeting – 24th October 2016.

(*Representations received were reported within the case officer's report / were reported at the meeting.)

Minutes for Decision

- None -

Chairman.
