

**Policy Committee –  
14<sup>th</sup> February 2017**

**Amendment to the Fees & Charges 2017/18**

Report of the Strategic Manager – Financial Services (s151 Officer)

Lead Member – Finance: Councillor Mulligan

Ward(s) affected: All

**1. Purpose of Report**

- 1.1 To present an amendment to the Trade Waste Fees & Charges for the 2017/18 financial year.
- 1.2 To present the Fees and Charges for Car Parking provision at the Craven Pool & Fitness Centre.

**2. Recommendations**

- 2.1 That Members Approve the increase in the Trade Waste Fees & Charges that are subject to Policy Committee Approval.
- 2.2 That Members Approve amended Car Park Charges that are subject to Policy Committee Approval.

**3. Fees & Charges for Approval**

**3.1 Additional increase in the Trade Waste Charges**

Since the Policy Committee on the 13<sup>th</sup> December 2016 it has been confirmed by North Yorkshire County Council that the anticipated disposal costs that The Council would be charged has increased.

- 3.2 The Disposal cost was originally believed to be increasing to £115.06 per tonne from £110.42 per tonne. It has since been confirmed that the disposal cost will be £117.94 per tonne. This is due to a change in the methodology used by NYCC in calculating these costs. As a result of this increase Craven District Council need to now amend the amounts charged to its Trade Waste Customers.

- 3.3 In line with the Policy, the following Fees and Charges for 2017/18 are presented for Member Approval, see Appendix A for detailed schedules.

### 3.4 **Confirmation of Car Park Charges**

Since the Policy Committee on the 13<sup>th</sup> December 2016 it has been noted that there was some inconsistency between the Narrative sections of Appendix A and the Schedule of Charges in Appendix A1 – Appendix A1 omitting detail of the times that charges are applicable.

### 3.5 **Craven pool and Fitness Centre**

A table in Appendix A (of the December report) stated the Charge for over 4 hours was Sunday Only, however this is incorrect and the charge applies 7 days a week, as stated in Appendix A1. Table 2 below sets of the revised narrative for the schedule of Charges and can also be seen in Appendix B.

Table 2

Skipton, Craven Pool	Approved December 2016		Proposed February 2017	
		up to 1 hr	£0.50	up to 1 hr
	up to 2 hrs	£1.10	up to 2 hrs	£1.10
	up to 3 hrs	£2.10	up to 3 hrs	£2.10
	up to 4 hrs	£3.10	up to 4 hrs	£3.10
	over 4 hrs (Sun Only)	£4.50	over 4 hrs	£4.50

### 3.6 **Charges/Timings for Overnight, HGV, Motorhome and Coach parking**

The original schedule presented to policy Committee on the 13<sup>th</sup> December omitted some details regarding the restrictions to when charges apply and the timings they cover. Details of these are listed below and included in the revised schedule in Appendix B.

- Overnight Tickets timing now stated separately, in the applicable Car Parks, as they differ from the hourly charges.
- HGV & Motorhome parking charges incorrectly stated as already being charged for; these are both new charges in 2017/18 for the applicable Car Parks. Timings also defined.
- Confirmation that the suspension of Coach fees in Settle's Whitefriars Car Park only.

## 4. **Implications**

### 4.1 **Financial and Value for Money Implications**

If the proposed increase to the Trade Waste Charges are not approved there will be approximately £9k of Disposal costs charged by the County Council that the Council has

not have recovered from its customers.

Confirmation of the Car Park Charges at the Craven Pool site and addition of charges & confirmation of timings for HGV, Motorhome and overnight parking will ensure income is of the appropriate amount.

#### **4.2 Legal implications**

There is a variety of legislation enabling the Council to apply charges for the services covered by this report. Legislative powers in relation to charging for discretionary services are primarily contained within the Local Government Act 2003.

#### **4.3 Contribution to Council Priorities**

Income generation is essential to a cost-effective Council. It also contributes to all of the Council's Priorities, notably Financial Resilience.

#### **4.4 Risk Management**

There is a significant risk to the 2017/18 Revenue Budget if the proposed fees are not approved. In that event, further savings of £9k will have to be identified within Waste Management to balance the budget.

Credit Risk could also be a factor, although provision is made for some bad debts it is important that any increase in Fees & Charges will not increase the chance of the debtors being unable to pay.

The confirmation of the Car Parking Charges at Craven pool and charges & timings periods for other Council Car Parks will remove any ambiguity as to when the charges are in force and remove the risk of challenge.

#### **4.5 Equality Impact Assessment**

The Council's Equality Impact Assessment Procedure **has been** followed. An Equality Impact Assessment **has not** been completed on the proposals as completion of **Stage 1- Initial Screening** of the Procedure identified that the proposed policy, strategy, procedure or function **does not have** the potential to cause negative impact or discriminate against different groups in the community based on •age • disability •gender • race/ethnicity • religion or religious belief (faith) •sexual orientation, or • rural isolation.

Blue Badge holders are entitled for an additional hour for every hour paid for and an extra 30 minutes in pop and shop spaces.								
<b>Support for Local Events</b>								
The Council has for a number of years supported a number of local events by allowing events to take place on its pay and display car parks, use of car parks as coach drop off/pick up points and/or allowing free parking in support of the events.								
A licence for the use of the car park area by the event organiser will be required at a cost per licence of £35.83 (proposed fee for 2017/18)								
The following events are supported by the Council by the suspension of car parking fees and charges as started in the table below.
