The front garden [REDACTED] has been included in Inset map18 for [REDACTED]. INF3 refers to the provision, protection and improvement of parks, sports field and recreational grounds with public access. In the case of my frontage this is clearly not the case as its private lawn/garden with no public access and could not be used for sports/recreational activities. I feel that its been included by mistake and should be removed from the inset map

(Continue on a separate sheet if necessary. Please remember to include on any separate sheets the name/organisation and details of which section, paragraph, policy or element of the policies map your representation relate

## Section 6: Proposed Modifications to the local plan

Please set out what modification(s) you consider necessary to make the Local Plan legally

compliant or sound, having regard to the test you have identified above where this relates to soundness. (NB Please note that any non-compliance with the Duty to Cooperate is incapable of modification at examination) You will need to say why this modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Remove my private land shown on the attached plans from inset map designation
