Strongly support the full objectively assessed housing need of 242 homes per annum for the District and the proposed housing requirement of 230 dpa for the Plan area, recognising the links to employment growth and the need to attract younger workers and an appropriate local labour market. The LEP also supports the policy approach of unphased housing allocations and additional efforts to increase delivery of affordable housing (e.g. the work of the YNYER Housing Partnership and initiatives such as 'Great Place'). The allowance included for housing losses in Tables 4 and 5 is also welcomed as a helpful means of meeting net annual housing targets.

Support the policy approach of a minimum of 32 ha of employment land to ensure housing and economic growth are aligned and encourage growth and productivity improvements. The complementary strong economic and infrastructure focus in the vision and objectives and Section 7 is also supported. The Plan seeks to address earlier land / premises supply issues for employment and housing and improve strategic transport links and facilities in order to encourage growth and address challenges such as:

- Low wage levels
- an aging population and shrinking workforce
- housing affordability gap.

SP2, when read with SD1, plus EC1, EC2, EC3 and EC4, also provide for economic growth and activity on unallocated sites, wherever appropriate, including the important employment site at Broughton Hall. The LEP welcomes this flexible approach to improving the local economy.
