KEY:

- PLANNING BOUNDARY
- CRAVEN DISTRICT COUNCIL LAND OWNERSHIP BOUNDARY

Access route to works site via unadopted road

'Area 2' - Creation of a temporary storage area for flood flows via the introduction of a restriction to the upstream end of the existing culvert, with a high-level overflow. Works include:

- Construction of a new online headwall with trash screen and overflow chamber.
- Construction of a new maintenance layby with access path to new headwall structure.

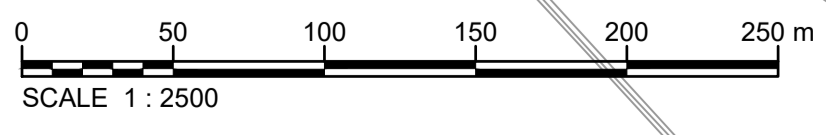

Access route to works site via unadopted road and track

New 5m wide unbound road to be created to allow temporary access to the construction site. This will be modified to create a 3m wide permanent unbound track along the eastern side of the field, to allow future maintenance access.

'Area 3' - Creation of a temporary storage area for flood flows, north of Leeds-Liverpool Canal via the introduction of a restriction to the upstream end of the existing culvert, with a high-level overflow. Works include:

- Placement of additional earthworks to strengthen the existing canal embankment, and to create a uniform profile at the top of the embankment.
- Construction of new online headwall with trash screen and overflow chamber.
- Construction of new maintenance track, with access to new headwall structure.

Temporary corridor varying in width between 20m and 35m adjacent to unbound road, to be used during construction for a lay-down/storage area.
